Cars collide on Highway 35, drivers unhurt

A Minden woman was charged with failing to yield when her car collided with another on Highway #35, south of Minden, on the morning of February 19.

Angus MacInnes, 48, was southbound on Highway #35 in his car when a vehicle driven by Phyllis Wood, 55, turned onto the highway from a private road. Wood's vehicle stopped in the southbound lane and collided with the MacInnes car. Both drivers escaped injury.

Damage to the MacInnes and the Wood cars is estimated at \$2000.

A 24-year old man was charged with having no insurance and failing to report an accident forthwith when his car slid off a curve into a ditch on Highway #648 last Wednesday.

A car driven by Malcolm Jones of Wilberforce was northbound on the highway in the Harcourt area when he lost control and slid into the east ditch, striking a tree. Jones received minimal injuries as a result.

Damage to the vehicle is estimated at \$1500.

A 34-year old Haliburton woman received minimal injuries when the car she was driving went out of control and entered a ditch on the North Kashagawigamog Lake Road a week ago Tuesday.

Dawn Brohman was eastbound when she entered the south ditch and struck a tree. The car sustained \$1800 damage.

A Toronto teenager escaped injury after the car he was driving went out of control and struck a rock cut on Highway 35, south of Minden

Some 34 riders set out from Haliburton high school Sunday morning to ride in the sixth annual Snowarama for crippled children. 110 riders set out from Minden to follow the course that covered a number of county

lakes. Pledges totalled \$17,653, an increase of \$400 over last year. Jack Courtney of Kitchener, right, had the most pledges. He brought in \$2000 for his efforts.

Council rejects landfill study despite MOE recommendation

In an extremely close recorded vote, Haliburton County council has rejected a proposed study of solid waste management requirements for the county. The Ontario Ministry of the Environment, which had urged council to agree to the study, would have met half the estimated \$28,000 cost.

The vote came after a presentation from Frank Rheinholz, an official with the Ministry's Gravenhurst of-

fice. Rheinholz termed the study, which would be carried out by an independent consulting firm, and which would look at solid waste disposal needs for the next 20 years, "a program of major importance to the county."

Included would be aerial photo interpretation to pinpoint sites suitable for dumps, evaluation of present and future needs, and recommendations about solid waste management. He said a

similar study is currently underway in Muskoka at a cost of \$28,000 and that costs here would be "about the same."

Rheinholz said there are serious problems at the Scotch Line site in Minden, and indicated that problems at other sites in the county are possible in the near future. He cited the case of a dump in Muskoka which had been approved by the Ministry when it was opened, but

which had to be closed after four years because "leachate" from decaying refuse at the site killed a trout stream.

Dysart et al reeve Murray Fearrey, speaking for the rest of council, said there was concern that the study might recommend one central dump site. He said council didn't "want to be put in a position of having to adopt the recommendations of the study" because the Ministry had paid half the cost.

Rheinholz said the study would not be "a working document" and that council would retain "total control" over it. He admitted, however, that the Ministry would "try to encourage you to implement what the study says."

Fearrey countered that "whenever the government is offering money without any ties, we're suspicious." He

Little runoff expected, logs put in area dams

Area residents living along major rivers in Haliburton County may have noticed something unusual lately - there's little or no water.

And, according to the Parks Canada water control department, levels aren't expected to increase until spring, barring any major unforeseen increases in snow and rain.

But while the rivers have been cut down to trickles in some cases, the county's reservoir lakes are growing in depth. All this unusual water activity engineered by Parks Canada is to ensure an ample water supply in the spring in time for the opening of the Trent Canal system, and to protect water levels here in August and September.

For the past few weeks, work crews have been placing stop logs in dams at reservoir lake mouths around the county in a desperate attempt to build up water levels. Because of the acute shortage of snow this winter, Parks Canada are afraid they'll come up short when the spring run-off occurs.

"It appears that filling the reservoirs could cause us big problems," said MacEllis, water control technician with Parks Canada in Peterbor-

ough. Levels in the reservoir lakes during the spring are a major factor in determining whether Trent/Severn waterways will be at an adequate level during the entire boating season. After the snow is gone during the spring break-up, said Ellis, "there's no hope" of filling the lakes to an adequate level for the rest of the year.

In order to offset a possible shortage in the spring, the agency has decided to build up levels now. The action will keep the levels close to normal throughout the season, and should avoid a possible shortage in reservoir lakes during the traditional "dry" months of August and September.

But Ellis pointed out that certain factors occurring between now and spring could affect Parks Canada's plans. For instance, if a surplus of snow and rain fell all at once near spring, logs would have to be removed gradually to allow the excess water to run off.

Similarly, if there was no further precipitation this season, lake levels would have to be increased to meet summer requirements and maintain an adequate reservoir level in

Nesbitt's call to drop bounty finds no support at council

County council will continue paying a bounty for wolves, despite one reeve's argument that the practice should be stopped.

At a meeting last Wednesday, Anson, Hindon and Minden reeve Sinc Nesbitt said wolf pelts have a high enough commercial value that a bounty is not needed as an incentive to kill the animals. He said there is "an army of Natural Resources people who should be doing the work" of controlling wolf predation on deer herds, and that the \$1500 the county budgets for the bounty should be used for other purposes.

Nesbitt also pointed to the irony of the fact that those who decry the wolf because it preys on deer herds are most

often hunters who try to shoot deer every fall.

But the arguments found no support among the rest of county council.

Dysart deputy reeve Harold Bannon, the county's wolf bounty officer, called the bounty "one of the best grants that county council gives out." Bannon said trappers are "good people" trying to make a living, and that trapping in the county is "a nice little industry on its own." He said wolves kill small fur bearing animals, and that paying a bounty for wolf pelts helps protect the trapping industry.

Last year, Bannon said, the bounty "took care of 52 wolves, one in Lutterworth,

Cont'd. page 2

Scores of applications expected to follow

County okays selling off portion of 66' allowance

Haliburton County council has approved a Lutterworth Township by-law to close a portion of an original 66 foot marine allowance and sell it to a cottage owner. The approval is a first, and sets a precedent that may result in scores of similar applications.

The Lutterworth by-law is intended to allow a cottager on Moore Lake to get clear title to the land under a cottage built entirely on the 66 foot right-of-way surrounding the lake. Hundreds of cottages in the county were built wholly or partly on allowances before municipalities had zoning by-laws forbidding it. Applications for closure have been rejected without exception in the past, but recent changes in Ministry of Natural Resources and Ministry of Housing regulations have made the closures possible. Only the land under the cottage will be sold however, while the rest of the marine allowance will remain the property of the municipality.

Lutterworth reeve Ron Gambell told council the cottage in question could not be moved because of a rock bluff immediately behind it, and stressed that the municipality intended to close and sell only a parcel of land one foot out from the eaves of the cottage.

Dysart et al reeve Murray Fearrey was not against the by-law, but said the county should establish a policy and set down a price for the land before it approved the closure.

Anson, Hindon and Minden reeve also felt details about price and who gets the money should be set down before the by-law was approved. He said Marine allowances "don't only belong to the township, they belong to everyone."

Gambell pointed out that each township has the use

and control of the allowances within its boundaries, and said "each township should get the money."

But Fearrey disagreed. "If it's abutting a county road, I feel very strongly that the money should go to the county." He said it could be put in a trust fund and the interest spent for county purposes. He also said the county should establish a single price so that it could treat each application consistently.

Lutterworth deputy reeve Glynne Lewis was not in favour of a uniform price however. "Each case should be dealt with on its own

merits," he said. "I don't think you can arrive at a particular figure for property."

Gambell pointed out that in other road closing applications, the price of the land to be disposed of was set by individual townships, and advocated that the same freedom to set a sale price apply in the case of partial closures of marine allowances. He said the sales would bring revenue into the coffers of townships, with little or not cost to ratepayers. Applicants, he said, must pay all costs involved in the closure. He estimated those costs at between \$1000 and \$1500,

excluding the cost of the land, and said they were high enough that municipalities would not be flooded with similar requests. Gambell accused some councillors of being "afraid of it (the closure) because you don't understand it."

"If the Ministry gives their okay on it, why should we block it?" he said.

Following lengthy discussion, council approved the Lutterworth by-law on condition that the municipality agrees to a "county wide price" which will be set in time for approval at the March meeting.

Constitution remains unread, is held over a second time

Because some county councillors had not read a document that had been in their hands for at least six weeks, the Haliburton County Economic Development Commission will operate without a constitution for another month.

A draft constitution for the commission was brought to county council for approval in January, but was deferred so members could consider it carefully. Last Wednesday, the constitution appeared on county council's agenda again, and again it had to be put off because a number of councillors still had not read it.

The constitution will set out guidelines under which the commission hopes to operate, and will not be made public until it has been passed.

The discovery that some councillors apparently were preparing to vote on a document they had not read came

after Anson, Hindon and Minden reeve Sinc Nesbitt, a member of the commission, called for comments on the constitution.

Nesbitt said it contained a number of points with which he did not agree, and asked councillors if they approved of every article.

When no one spoke up,

Nesbitt accused councillors of "going too lightly" on the matter.

"I'm not going to put forward a resolution unless the members have read it," he said. "We're never going to get anywhere with this commission unless everyone gets a handle on it."

Snowarama raises \$17,653 as 144 complete the route

The weather delayed it for three weeks, and when it did go conditions were still less than ideal, but neither complication dampened the enthusiasm of the snowmobilers who participated in this year's Snowarama ride for crippled children.

Some 144 riders had left the starting points in Haliburton and Minden Sunday, bringing with them pledges

totalling \$17,653. And although the number of riders was down by almost 40 this year, the pledge total was more than \$400 higher than last year.

The sixth annual 100 mile ride, one of more than 20 held across the province this year, attracted participants from a wide area.

This year the route took

Haliburton ski tour draws 46 entries

Fresh snow, sunshine combine to make conditions perfect

by Blair Pierce

The 30 Km. Haliburton Cross Country Ski Tour was run as scheduled on Saturday, February 23, 1980. Ten centimetres of fresh snow Friday night dramatically improved the trail conditions after a thaw earlier in the week.

Over one third of the entrants were unable to make the starting lines as freezing rain through Southern Ontario dampened the enthusiasm of many skiers from the South.

However 46 skiers turned out under perfect conditions, brilliant sunshine and -3 C degree temperatures to ski the Haliburton Tour. The mass start was held on Head Lake across from the High School. Skiers then proceeded across the lake, through Wallings Field, around Glebe Park, down the Jim Beef Trail, Pinestone and Boundary Loop and finished on Lake Kashagawigamog near Deer Lodge. The event attracted skiers of all ages and abilities, from the all out racer to the pleasure tourist who likes to take in all the scenery as they proceed along the route.

First across the finish line, and first in Men's Touring was Risto Santala of Whitby, Ontario, in a time of one hour, 19 min. 22 seconds, followed closely by Karl Kinanen of Karlisle, Ontario in one hour, 21 min. and 53 seconds, and winner of the Men's Senior Touring, Rume Blomseldt of Toronto was third. Keeping it in the family, and winner of the men's junior was Rainer Santala in 1 hour, 29 minutes, and 10 seconds. Ladies junior was won by Helene Hellquist of Upsalla, Sweden in 2 hours, 1 minute, and 53 seconds and Ladies Touring by Deborah Zendly of Morrisston, Ontario in 2 hours, 2 minutes and 53 seconds. There were no entrants in the Senior Ladies Touring.

Trophies for class winning were presented by Harvey Williams, President of Lake Kashagawigamog Tourist Association at the awards ceremony following the Tour at Deer Lodge.

Manpower for the checkpoints and refreshment stops was provided by the Haliburton Highlands Cross Country Club. Refreshments along the trail were courtesy of IGA Haliburton.

Cont'd. page 3

Crossing the finish line near Deer Lodge

Weather this week

The following weather information, supplied by the area climatologist, covers the period of February 18 through February 25.

Snowfall over the week totalled 24 cm., and snow depth now ranges up to 50 cm., with considerable variation due to melting on south facing slopes.

Maximum temperature over the period was 4 degrees C., and the lowest recorded Monday, was -15 C.

Frost penetration is now 20 inches, and ice depths range up to 22 inches.

Snowmobiling conditions have improved greatly as a result of the new snow, and cross country ski trails in the Haliburton area have been groomed for the first time this winter, resulting in good skiing conditions.

Keith Tallman, reeve of Monmouth Township, cut the ribbon to officially open the new Bank of Nova Scotia in Wilberforce last Thursday. A number of bank officials were on hand for the ceremony, which was also witnessed by several customers of the new facility.

Dump study proposal rejected

from page 1
said that if the environment ministry was already monitoring dump sites in the county properly "then we would expect that nothing would change" as a result of the study.
"Yes, that's right," Rheinholz replied.
The Ministry official was also questioned as to why the Ministry did not do the studies, instead of leaving them to independent consulting firms.
Rheinholz said it was because the Ministry did not

have the staff, the resources, "and perhaps the expertise in all areas" that a private firm would have.
Anson, Hindon and Minden reeve Hinc Nesbitt, who was in favour of the study, urged council not to "use it as a whipping horse that Minden's looking after itself" because of the problems at the Scotch Line dump and the municipality's need to find a new site. He said the problem would be looked after even without the study.
In a recorded vote, however, council rejected the

proposed study. Voting in favour of it were councillors Nesbitt, Fearrey, Pritchard, Gambell, Lewis, Baum and Shortreed.
Casting "nay" votes were councillors Amm, Peters, Bannon, McGuire, Tallman, Coumbs, Vick, Francis, Harrison and Stouffer.

Because the reeves and deputy reeves of the larger municipalities have two votes each in a recorded vote, the resolution was defeated by a single vote, 13 nays to 12 yeas.

Council refuses to drop bounty

from page 1
five in Sherborne, Livingstone and McClintock, seven in Snowdon, 10 in Monmouth, 14 in Dysart et al and 15 in Anson, Hindon and

Minden.
Bannon claimed the majority of the wolves were taken in "September and October", when the com-

mercial value of the pelts is "at a low ebb".
Nesbitt, however, said the wolf "has now reached its own worth as a commercial fur."

"I don't think its reasonable to pay out a bounty anymore," he said.

Nesbitt also noted that some municipalities mark the wolf pelts with ink instead of with a slit, and that it is possible for a person to take the same pelt to more than one municipality for the bounty.

Bannon said he had checked with municipal bounty officers, and that "three bounty officers that I know of" cut a half or three quarter inch slit in the pelt behind the nose to indicate that the bounty has been paid. He also said a hunter or trapper must swear in an affidavit that the wolf was taken in the municipality where the bounty is paid, and that cheating is thus kept to a minimum.

The Dysart deputy reeve said he felt the bounty was paid "to control them (wolves) not to exterminate them," and urged that it be left on "for three or four more years, until we see what it does to control the wolves."

A resolution calling for the bounty to be dropped was defeated, with Nesbitt casting the sole "yea" vote.

Snowarama a success

from page 1
riders over a number of county lakes, including Kashagawigamog, Canning, Mountain, Twelve Mile, Boskung, Halls, Big Hawk, Clear, Kennis, Redstone, Haliburton, and Drag.
Seven check-points were set up along the route,

including one at Halls Lake where free gasoline and oil was available to riders. Free lunch was also available at Haliburton High School and Minden arena.
A total of \$6,386.50 was pledged by the 34 riders who left the Haliburton starting point. Minden attracted 110 riders, and more than \$11,000 in pledges.

Rider with the most pledges was Jack Courtney of Kitchener. He brought in an even \$2000. Courtney also had the highest total last year, when his pledges added up to \$2,212.

Oldest rider in this year's Snowarama was 77-year old Dr. R. L. Hewitt.

A film crew from CHEX television in Peterborough was on hand for this year's event, and a half-hour show will be aired in the near future.

Bulk of the money from this year's local Snowarama will be earmarked for the Five Counties Treatment Centre in Peterborough which serves handicapped children from the area.

Chamber has deficit of \$2000, seeks grant support from county

Despite what its manager described as "a commitment of trying to make (itself) more self sufficient," the Haliburton Highlands Chamber of Commerce will have a deficit of over \$2000 for 1979.

Speaking at a meeting of County Council last Wednesday, Bob Stinson said the deficit is largely the result of the Chamber's efforts "to increase and upgrade (its) promotional activity." Included were a Lure Book, a Winter Book and a Building Trades directory, each of which the Chamber planned to produce at a surplus through advertising revenue. However "the members failed to respond with increased

advertising and substantial increases occurred in the cost of producing the publications" after they were under way. Only one of the books will show a profit, Stinson said, while the other two will show a loss.

The Chamber manager's speech was a plea for continued county council funding and came only two weeks before council's budget committee will set down proposed expenditures for approval at the March meeting.

Stinson defended the organization, claiming it is "recognized and envied by many outside our area." He noted that the Chamber had been criticized from several quarters this year, and said

"it is indeed frustrating that we seem to fail to recognize from within what appears to be obvious to those outside."

Stinson said "major things" are about to happen in the tourist industry and that "unless we become more aware and better equipped, we will be watching from the sidelines." He cited the spin-off benefits from Canada Wonderland at Maple, Ontario, as an example of that coming change.

Stinson said the Chamber hopes to become "less reliant on assistance from the county," and that it has reduced the percentage of the grant to the total budget, "even though the amount itself has increased." But he said the organization faces a membership "unwilling or unable to put much more into it than they are now."

He said the Chamber needed "at least as much assistance as last year," when the county approved a grant of \$13,000.

Following his presentation, Stinson called for comments or criticisms from councillors, but they remained silent.

Later in the meeting, budget committee chairman Murray Fearrey asked if the lack of questioning of the Chamber manager meant councillors were pleased with everything the organization had done in the last year. Again there were no comments.

Fearrey then said the committee would interpret the silence as a gesture of support for the Chamber, and that it would expect no opposition from council if a grant to the Chamber is included in the 1980 budget.

Commission contemplates holding seminar

by Joe Banks

Despite inviting two representatives from the Ministry of Industry and Tourism (MIT), the Haliburton County Economic Development Commission gained little ground last Wednesday.

The Commission has been attempting to re-direct its efforts during the last two months, and through the help of the MIT, the commission is hoping to set up some sort of training program or seminar.

"These programs are designed to assist municipalities or commissions where there is a perceived problem," said Ken Mesure, from the Ministry's industrial development branch in Queen's Park. The commissioners agreed that the seminar was needed, but no final decisions, other than to agree to a seminar, resulted.

Mesure told the commis-

sion there would be no money available from the Ministry for the seminars, or other programs, but that the formation of a corporation within the commission itself could attract money privately. Through fund-raising, he added, the commission could increase their budget.

"I'll lay dollars that somewhere in this county, there are people willing to come good with money," he said.

Mesure stressed that the commission should be heading in one direction at a time, identifying what is needed rather than attempting to deal with issues before the program is made formal. Statistics and data on the number of people in each municipality, the number of jobs available, and the numbers of businesses is "basic" before the commission can start any kind of program dealing with economic de-

velopment. Mesure said. Such a data base would have to be continually updated. From there, the commission should help develop programs that would "meld" tourism and industrial growth.

Commissioner Bill Valentine pointed out to Mesure that there is now a "clash" between tourism and incoming industry, and generally cottage owners and other part-time residents do not agree with accepting industry in the area. "We're finding that the tourists don't want anything," he added.

In other commission business, John Hogg presented a tentative budget as well as a proposed procedural plan "as a natural extension of the long-range plan".

In relation to the budget, Mesure asked the commission how a budget can be established when "it doesn't

tell you how you're going to do it (carry out programs)? How can you prove that budget?"

Hogg pointed out that the budget was only a proposal, and that the exact amount would have to be discussed between commission members and receive county council approval.

"But suppose they (county council) approve the budget? What do you think you can accomplish in one year without a statement of objectives," Mesure stated. "You can't hope to get a massive undertaking going in such short a time with part-time members."

Mesure again stressed the need for a data base file, but commissioner Barb Bolin felt such a gathering of statistics would have to be done through summer help, and

could present problems with accuracy and detail gathered. "If I were a reeve, I would be uneasy about letting an 18-year old find statistics in my municipality," she said.

Mesure pointed out that this would be one of the main forces behind a seminar. "In other words, we can go in one direction at a time instead of all over the place," said Mesure.

Task force reports from each commissioner followed the discussion. Murray Fearrey, who is involved in the proposed tourist train project from Lindsay, reported that Lindsay town council "is very much in favour and they'll be in touch with us."

John Hogg presented a report from the Haliburton County Maple Syrup Producers' Association, and in-

formed the commission that the association has agreed to pay 25 percent of the costs for a feasibility study dealing with a central evaporator system. The total cost of the study would be \$10,500.

The remaining sources for money would have to be the province and the private sector, Hogg said. "This seems to be one of the most viable projects we've been involved in yet."

The commission agreed to ask county council to approve the budget as outlined, which advocates a substantial increase over last year's grant. As well, they decided to ask council to aid in contributing money for the feasibility study for the tourist train proposal.

Other task force reports were unchanged since the last commission meeting.

THE CORPORATION OF THE UNITED TOWNSHIPS OF GALWAY AND CAVENDISH

Explanatory Note to By-Law number 79-23

The following is an explanatory note to By-law No. 79-23.

The purpose of this By-law is to amend the overall land use By-law Number 78-43 which provides overall land use controls in the United Townships of Galway and Cavendish. This By-law applies to all lands in the Corporation of the United Townships of Galway and Cavendish.

This By-law is passed under the authority of The Planning Act and its content is guided by the Official Plan of the North Kawartha Planning Area which has been adopted.

After the By-law has been adopted, in addition to complying with the regulations set out in By-law Number 78-43, all new uses of land and/or structures require the issuance by the Municipality of a Certificate of Occupancy which indicates that the proposed use and occupancy complies with the Municipalities Zoning Provisions, as amended from time to time.

All lots which were held in separate ownership on 1979 and which do not comply with the zoning provisions as to lot frontage and/or area may still be used for a purpose allowed within the zone where the lot is located.

All new buildings or structures require a building

permit and must front on a public road or if in a Recreational Residential area and has water access only or fronts on a private road where the lot and road existed at the date of passing of this By-law. The definitions of lot frontage and public road have been clarified by this By-law.

The original zoning By-law has been amended to comply with the adopted Official Plan so that conversion of a cottage to a single family dwelling is still permitted providing certain criteria are met but each conversion shall require a re-zoning.

This By-law becomes effective when passed by Council subject to the approval of the Ontario Municipal Board.

By-Law number 79-23

Being a by-law to amend By-law 78-43

WHEREAS authority is granted under Section 35 of the Planning Act, R.S.O. 1970, chapter 349, and amendments thereto, subject to the approval of the Ontario Municipal Board, to the Council of the United Townships of Galway and Cavendish to pass this By-law;

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE UNITED TOWNSHIPS OF GALWAY AND CAVENDISH ENACTS THAT BY-LAW 78-43 BE AMENDED AS FOLLOWS:

1. A new subsection 1.2a is added as follows:

CERTIFICATE OF OCCUPANCY

1.2a No land is to be used or occupied, and no building or structure which has been erected or altered is to be used or changed in use, in whole or in part, until a Certificate of Occupancy has been issued by the Municipality stating that the proposed use and occupancy of such land, building or structure complies with the provisions of this By-law.

2. Subsection 2.5 is deleted and replaced by a new subsection as follows:

EXISTING UNDERSIZED LOTS

2.5 Notwithstanding anything to the contrary in this By-law, a vacant lot held in separate ownership from adjoining parcels on the date of the passing of this By-law, having less than the minimum lot frontage and/or lot area required by this By-law, may be used for a purpose permitted in the zone in which the said lot is located, provided that all other applicable provisions in this By-law are complied with.

3. Subsection 2.10 is deleted and replaced by a new subsection as follows:

ROAD AND WATER ACCESS

2.10 No building or structure may be erected on any lot unless:

2.10.1 Such lot fronts on a public road; or,
2.10.2 Such lot is in a Recreation Residential RR Zone and has water access only, or fronts on a private road where both lot and road existed at the date of passing of this By-law.

4. Subsection 3.2 is amended by changing the notation against the symbol indicating a single family dwelling to be a permitted use in a Recreation Residential RR Zone from # to * to show the intent that new such single family dwellings in Recreation Residential RR Zones require an amendment to the By-law; and by deleting the footnote marked #.

5. Subsection 3.3 is amended by deleting the reference to subsection 3.9 so that it reads as follows:

EXISTING USES PERMITTED

3.3 Notwithstanding the provisions of Section 3.2 of this By-law, the following uses are only permitted where they were in existence at the date of the passing of this By-law:

6. Subsection 3.7 is amended by deleting the reference to the Recreation Residential RR Zone so that it reads as follows:

CONSENT GIVEN BY LAND DIVISION COMMITTEE FOR RESIDENTIAL LOT

3.7 Notwithstanding the minimum lot area and frontage requirements contained in Section 3.5 of this By-law where a consent is given by the Land Division Committee to create a residential lot in a Rural RU Zone, and which abuts a public road that is open and maintained year round, such lot may be used for a single family dwelling or a recreation dwelling provided it has a minimum lot area of two (2) acres and a minimum lot frontage of three hundred (300) feet and all other applicable provisions of this By-law are maintained.

7. Subsection 3.9 is repealed in its entirety.

8. Subsection 3.16 is deleted and replaced by a new subsection as follows:

3.16 Notwithstanding any other provision of this Bylaw, the erection of buildings and structures, and the placing or removal of fill are prohibited in the Hazard Land HL Zone.

9. Subsection 4.25.3 is deleted in its entirety and replaced by a new subsection as follows:

4.25.3 Lot Frontage means

4.25.3.1 For a lot fronting on a road, the horizontal distance between the side lot lines, such distance being measured perpendicularly to the line joining the middle of the front lot line with either the middle of the rear lot line or the apex of the triangle formed by the side lot lines and at a point therein distant twenty-five (25) feet from the front lot line;

4.25.3.2 For a corner lot having a road line rounding at the corner of a radius of twenty (20) feet or less, the lot frontage of such a lot shall be the lesser of the exterior lot lines produced to their point of intersection.

4.25.3.3 For a lot fronting on a shoreline allowance, the horizontal distance between the side lot lines measured along a straight line between the points where the side lot lines meet the shoreline allowance.

4.25.3.4 For a lot fronting directly on a body of water, the horizontal distance between the two most widely separated points on any one shoreline of a lot.

4.25.3.5 For a lot adjoining both a road and a body of water or a road and a shoreline allowance, the frontage is deemed always to be on the body of water or the shoreline allowance respectively.

10. A new subsection 4.44a is added as follows:

4.44a Public Road means a travelled public way for purposes of vehicular and pedestrian travel, including the entire area within the right-of-way, with or without provision made for curbs, sidewalks, and paved gutters, and owned, opened and maintained by a public authority.

11. This By-law shall become effective on the date hereof; subject to receiving the approval of the Ontario Municipal Board.

Read a First, and Second Time this 30th day of July, 1979.

Read a Third time and passed this 24th day of November, 1979.

REEVE Carl Brickman

CLERK Joan McCausland

NOTICE OF APPLICATION TO THE ONTARIO MUNICIPAL BOARD BY THE CORPORATION OF THE UNITED TOWNSHIPS OF GALWAY AND CAVENDISH FOR THE APPROVAL OF A BY-LAW TO REGULATE LAND USE PASSED PURSUANT TO SECTION 35 OF THE PLANNING ACT.

TAKE NOTICE that the Council of the Corporation of the United Townships of Galway and Cavendish intends to apply to The Ontario Municipal Board pursuant to the provisions of Section 35 of the Planning Act for approval of By-law 79-23 passed on the 24th day of November, 1979.

A copy of the By-law is furnished herewith and a note giving an explanation of the purpose and effect of the By-law and stating the lands affected thereby is also furnished herewith.

ANY PERSON INTERESTED MAY, within twenty-one (21) days after the date of this notice, send by registered mail or deliver to the Clerk of the Townships of Galway and Cavendish notice of objection to approval of the said By-law or part thereof giving details of all or the portion of the By-law to which you object and detailed reasons

therefor, and shall indicate that if a hearing is held the objector or an agent will attend at the hearing to support the objection.

ANY PERSON wishing to support the application for approval of the By-law may within twenty-one (21) days after the date of this notice send by registered mail or deliver to the Clerk of the Township of Galway and Cavendish notice of his support of approval of the said By-law together with a request for notice of any hearing that may be held giving also the name and address to which such notice should be given.

THE ONTARIO MUNICIPAL BOARD may approve of the said By-law but before doing so it may appoint a time and place when any objection to the By-law will be considered. Notice of any hearing that may be held will be given to persons who have

filed an objection or notice to support and who have left with or delivered to the Clerk undersigned, the address to which notice of hearing is to be sent and, similarly, to any person who has filed a request for a change in the provisions of the By-law.

THE LAST DATE FOR FILING OBJECTIONS WILL BE MARCH 7TH, 1980

DATED at the Townships of Galway and Cavendish this 7th day of February, 1980.

Parks Canada closes dams

from page 1
the fall.

So, said Ellis, people living along county rivers will have to suffer now at the expense of maintaining good levels in the summer. "If we don't raise lake levels now, we'll be accused later of missing the boat," he said. "We have to go by what we have now."

To underline the serious shortage of snow this year, Ellis quoted statistics compiled by Parks Canada which show the comparative water

content in snow. There was 16.9 centimetres of water on the ground. This year, there is a mere 2.8 cm. of water in the snow on the ground.

"Things look as though they could get serious," said Ellis.

The decrease in river levels and increase in lake levels will continue through to the spring, unless there are substantial increases in snow or rain before then. "You can count on below-normal river levels until at least spring," he said.

Increases in lake levels may cause slush below the deep snow, pointed out Ellis. The area climatologist has warned against possible collapse in dangers on lakes where there may be hollows between the ice surface and the water.

Accidents

from page 1
last Sunday afternoon.

Joseph O. Waite, 18, was southbound on the highway when he lost control on a curve and struck a rock-cut in the west ditch.

Damage to the vehicle is estimated at \$1000.

Tour winner finished in 1:19:22

from page 1

Everyone who skied the Tour enjoyed the good snow, challenging trail and congenial atmosphere. Finishing lines would suggest that the overall distance is 5 to 6 km. short of the full 30 km. and the Haliburton Club promises to find the extra distance for next year's event.

Following is the finishing order of the participants:

Risto Santala, Men's touring, 1:19:22; Karl Kinanen, Men's Senior, 1:21:53; Rume Blomseldt, (MT) 1:24:10; Rainer Santala, Men's Junior, 1:29:10; Peter Pilz, (MT) 1:32:20; Sebbo Lappalainen, (MT) 1:32:42; Douglas Woods, (MT) 1:39:28; Jim Caldwell, (MJ) 1:44:57; Norman Spinks, (MS) 1:45:26; David Kersey, (MT) 1:48:33; Keith Woods, (MT) 1:51:40; Kirk Thayer, (MJ) 1:53:20; Dave Dodd, (MJ) 1:59:00; James Brogden, (MJ) 1:59:06; John Orton, (MS) 1:59:50; Peter Brogden, (MS) 2:01:19; Aldo Palma, (MT) 2:01:24; Teppo Lehtonen, (MS) 2:01:50; Helene Hellquist, Ladies Junior, 2:01:53; Deborah Findlay, Ladies Touring, 2:02:53; Paul White, (MT) 2:09:12; Gary Brown, (MT) 2:13:58; Clark Hill, (MT) 2:14:54; Harold Smith, (MT) 2:19:02; Olavi Rintamaki, (MT) 2:22:00; George Thayer, (MT) 2:22:05; David Caldwell, (MT) 2:26:02; Ernest Montgomery, (MT) 2:29:32; Karen Baldwin, (LT) 2:34:57; Elaine Woods, (LT) 2:35:40; George Hume, (MT) 2:39:16; Patty Vann, (LT) 2:40:01; Gil David, (MT) 2:43:21; Harry Penny, (MS) 2:47:20; Lynda Hall, (LT) 2:56:58; Carol Hewitt, (LT) 2:57:50; Janet Wesley, (LT) 2:59:30; Christine Woods, (LT) 2:59:31; Dorothy Spinks, (LT)

Senior class winner
timed at 1:21:53

2:59:37; Maria Piromein, (LT) 3:05:58; Victor Beube, (MS) 3:09:03; Ludwig Schnippening, (MT) 3:11:15; Phyllis Hill, (LT) 3:21:00; Keith Moffatt, (MT) 4:01:06; Jane Preston, (LT) 4:01:12; Nadia Olijnyk, (LT) DNF.

Risto Santala of Whitby was the top finisher in the Haliburton cross country ski tour Saturday. Other winners were, from left, Rainer Santala, men's junior; Helene Hellquist, ladies' junior; Deborah Zendly, ladies' touring; and Karl Kinanen, men's senior.

A, H & M council holds meeting

At a meeting last Wednesday, Anson, Hindon and Minden council considered the following matters:

Council concurred with the resolution of the Corporation of the Village of Madoc with respect to requesting the Treasurer of the Province of Ontario and the Ministry of Finance of Canada to introduce programs to offer lower interest rates to small businesses.

Stuart Brandon declared an interest in this item and refrained from voting thereon.

Chas. Brandon was permitted to install a concrete step(s) on the sidewalk in front of Northland Sales.

Tenders will be called in conjunction with the Provisional County of Haliburton for the following products in 1980:

37,000 gal. of non asphaltic road oil provided such oil contains no PCB's.

45 tons of bagged calcium; 500 feet of 12" culverts with sufficient couplers; 800 feet of 15" culverts, with sufficient couplers; and 1,200' guide cable and accessories.

J. Garbutt and G. Saunders of the Minden Curling Club attended Council with respect to some information required for inclusion in their feasibility study.

Council passed the following resolution:

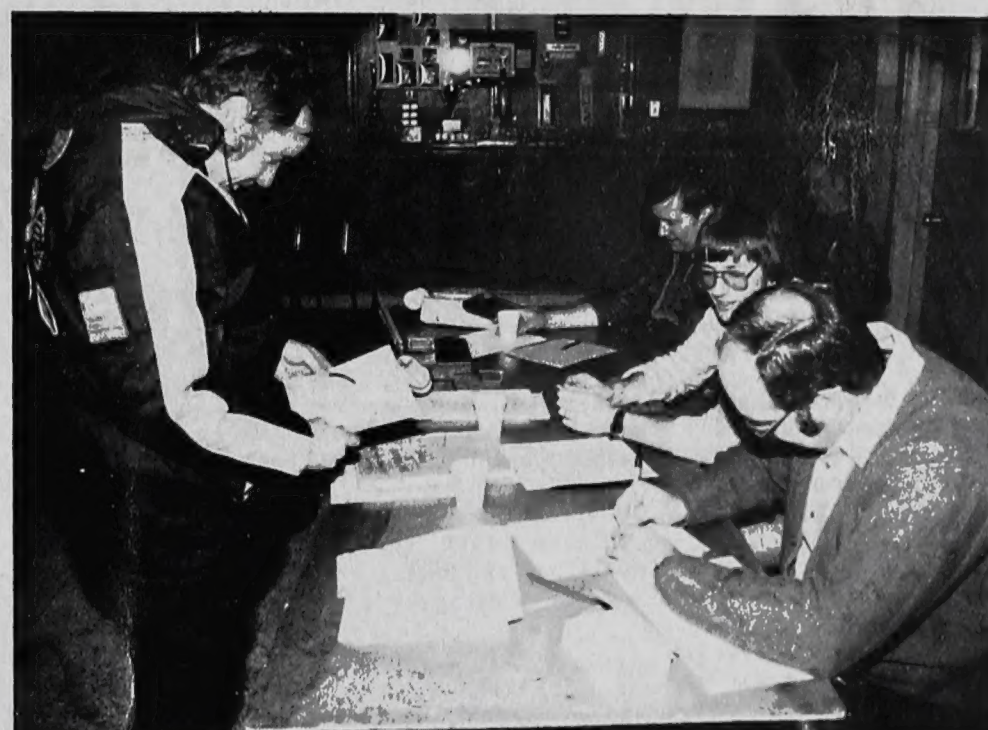

"Whereas the Minden Curling Club is desirous of constructing a new curling rink and has engaged a firm to prepare a feasibility study for same; now therefore the Municipal Council of the Townships of Anson, Hindon and Minden hereby agrees as follows:

A site adjacent to the arena will be made available for a new facility at no cost to the Curling Club. Not to contribute any tax dollars towards the project, but Council is willing to negotiate the financial report for possible assistance at the end of the project. That actual repairs to the existing building be determined subject to need. To contribute towards the operating and maintenance costs in a manner to be determined. That this project qualifies for first consideration after the library. That this proposal does not have negative affect on other community projects, future or ongoing.

Messrs. F. Reinholz and T. Healey of the Ministry of the Environment attended Council to discuss the operation and maintenance of the Scotch Line Landfill Site as well as the availability of grants for landfill sites and sewer extensions.

Stuart Brandon declared an interest and refrained from voting thereon.

Cont'd. page 12

Brian Hunter was one of 34 entrants to register at the Haliburton high school for this year's Snowarama.

County council holds February meeting

At this February meeting last Wednesday, Haliburton County council considered the following matters:

By-law 1088, a by-law for the purpose of consenting to the passing of a by-law by the Corporation of the Township of Lutterworth to stop up, close and convey portions of an original road allowance in the Township of Lutterworth, was passed. The township is to agree with a county-wide price.

Haliburton County Economic Development Commission representative S.G.

Nesbitt requested that each member of County Council be thoroughly knowledgeable about the proposed constitution for the Commission, and further discussion on this matter was deferred until the March meeting.

Finance Chairman Harold Bannon reported all accounts checked by the Finance Committee and recommended for approval.

Accounts were approved in the amount of \$49,422.61.

Correspondence was accepted as recommended by the Correspondence com-

mittee and read. Council concurred with resolution from the County of Middlesex re. arbitration decisions.

A resolution that the Wolf Bounties be discontinued was defeated.

Carm Hamilton, Agriculture Representative for Victoria-Haliburton described research programmes carried out in the county with favourable results, and various programmes which are improving the economy of the County, including management of blueberry crops with

success. Hamilton showed slides to illustrate his comments.

Mrs. Marie Wallace distributed Rails' End Gallery brochures on behalf of The Haliburton Guild of Fine Arts and outlined the many programmes under way and scheduled for the coming year. The Gallery must continue to prove its success for an entire year throughout the County before being eligible for Arts Council Grants, she said. A financial statement was submitted. Lorne Coburn

On getting their homework done

Some members of Haliburton County council, it seems, have a problem getting their homework done. In a period of more than a month, they couldn't find the time (or maybe it was the interest) to read a draft constitution for the Haliburton County Economic Development Commission. Admittedly, a constitution, filled as it is with sections, subsections, clauses, and statements of intent, is a good deal drier than the average paperback. And it probably demands a little more concentration than the television listings. But it was only a matter of a few pages to be read over the course of a month and it was, after all, a matter of public interest.

Still, at least a third of the members had not read it by the time it made its second appearance on the agenda of county council last Wednesday. When the matter of the constitution came up, it might have been expected that those who had not read it would have said so openly. Ah, but such is not the way of county council. Instead, the guilty ones appeared quite prepared to cast a vote accepting or rejecting a constitution they knew nothing about. Fortunately, the lack of discussion tipped one member off that some of the councillors had not so much as cast a glance at the document. The Warden's call for those who had not read it to show their hands, produced at least six sheepishly raised arms.

None of this would be all that serious if it were an isolated instance of councillors shirking their responsibilities. But as any teacher will tell you, homework trouble is more often a matter of habit than of circumstance. How many times have councillors voted on things they knew nothing about? How many times have they rejected ideas of proposals simply because they did not bother to find out the pertinent facts?

No one outside of council can say for sure. But if last Wednesday's exhibition is the indicator that it seems to be, ratepayers would be justified in feeling that the public interest is ill-served by some of the men they have elected to office.

The way of an ostrich

The majority of Haliburton County councillors, in a move that says much about their approach to decision making, last week rejected a call for a study of local solid waste management. The Ministry of the Environment would have paid half the estimated \$28,000 cost, and one of its representatives told council the study would be "of major importance to the county". And yet it was rejected.

The reason for the decision runs deeper than the obvious fact that the study would have meant spending money raised by direct local taxation. Councillors are always concerned about costs. What they are not always concerned about, however, is value. While they worry about anachronisms like the wolf bounty, or cower in fear that some sharp city type or bureaucrat is trying to put something over on them, the future looms ever nearer. With the future will come the need for tough, creative decisions. No amount of hiding one's head in the sand can stop the changes that will be forced on Haliburton County from outside its borders.

All local politicians fear the encroachment of provincial powers on their right to govern. Yet it is precisely by clinging blindly to the old way, by fighting doggedly to maintain the attitudes of the past, that county councillors will open the way for the imposition of that dreaded juggernaut, regional government.

If county councillors do not understand something fully, they will almost always vote against it. If it requires the services of people with specialized training in particular fields, the "experts" whose knowledge and education intimidates them, they will vote against it. If there is a direct cost to the local taxpayer, they will be inclined to vote against it. Indirect taxes, however, such as provincial grants, are another matter. The approach then is to "get our share".

In voting against the dump study, the majority of county council demonstrated their lack of interest in planning for the future. None of them should be surprised then, if in a year, or two, or five, the province forces them to do the study, and refuses to pay the half share it offered last week.

As others see it

Last season, twelve hockey players were legally blinded compared to eight in the previous season, according to the Canadian Standards Association (CSA).

The most disturbing fact about it is that none of the players injured were wearing face protectors. The youngest eye loss victim was 19 years old, and the rest were in their 20's and 30's. The younger players are forced by their leagues to wear face protectors, but the older players are playing pickup hockey and are not required to wear masks. The result is more injuries to the older players.

The CSA has published standards for face protectors and tests and certifies them. So far, the program is voluntary, which means that non-certified masks can be sold alongside the certified ones. This is an annual situation and should be remedied.

The wise hockey player should buy and wear a CSA certified hockey mask. People must be encouraged very strongly to look for the seal of approval before buying. Statistics show that the masks are the only answer to eye injuries. Last year there were 42 such incidents, 53 the year before and in 1974 and 1975, before face protectors were commonly used, there were 253 eye injuries and 42 eyes lost.

Goalenders really take a beating when it comes to having their sight damaged. Over the last three seasons, 12 goalies had their eyes hurt and of those, five were legally blinded in one of them.

The methods to prevent these tragedies are

available to everyone who plays the sport and everything must be done to educate the public to keep players young and old as safely equipped as possible.

The statistics for dental injuries are equally shocking. It just isn't enough to keep our young people from intentionally hurting each other through rough play. That is being taken care of through a greater public concern with violence in all sports. Sports-minded people owe it to themselves and to their children to get them the best equipment possible.

Pedrolia Advertiser Topic

THE PRICE OF CHANGE

Chain smoking, alcoholism, muscle spasms, ulcers and pimples, all have one thing in common. They are in the price we pay for coping with our world as we see it. Coping with conditions that are too severe for our physical or psychological resources. Stress can make life more difficult than it needs to be.

Everyone needs to experience love, to know one's self as having value and to believe life has meaning. Unfortunately, we develop desperate strategies to try and fulfill these basic human needs. We try to compel people to love us, to achieve our value and to prove that our lives are worthwhile. In this impossible quest "stress loops" are set up. Stress loops are self-defeating.

Editor's notebook

by Len Pizzev

It was two o'clock on Wednesday afternoon. Haliburton County council had sat through two and half hours of correspondence, by-laws, presentations and request for grants that morning. They had adjourned at 12:30 for lunch at Hyland Crest, and now they were back in their seats in the council chambers.

At the front of the room, a representative of the Ministry of Housing was trying hard to explain the process council would have to follow if it wanted to amend its recently adopted planning strategy. With the aid of an overhead projector, she was outlining the steps involved, and the questions local councils should ask if they got a request for a subdivision that did not exactly fit the pattern of the strategy. And she was getting nowhere. Council could not foresee a time when it would ever want to change any detail of the strategy, so it did not want to listen. The civil servant tried to explain that the questions she was outlining could be used to assess the acceptability of any proposal for development, even if it fit the strategy's guidelines, but still she met a stone wall. As the words flowed on, the eyes of councillors

and spectators slowly began to focus on the left hand side of the chamber. There a reeve, somnolent from lunch, or from the effort of listening, began to nod his head in tiny jerks. Beside him, a second reeve was also slipping into sleep, his head dropping gently to his chest.

A ripple of smiles began to crease other councillors' faces. Elbows were thrust into ribs, a swift movement of the head enough to indicate where one, or another should look.

The warden stared at the sleeping reeves for a few long silent moments, while the civil servant tried desperately to hold the room's attention.

Then slowly, carefully, he reached for his gravel. CRACK. It hit its pad, and the heads of the sleeping reeves snapped up. The laughter could be suppressed no longer, and the civil servant was forced to pause.

A few moments later, she asked if she could dim the lights so the words on the overhead projector could be seen more clearly.

"Better not," said the Warden, "or we may lose the rest of them."

As a television anchorman so aptly puts it; that's not news, but that too, is reality.

Feir Play

by Creighton Feir

From what we can understand most of the people who we have been talking to, think that the Haliburton Winter Carnival this year was a good one. I have to agree, but this doesn't mean that it doesn't need some polishing up in certain areas. The weather was just perfect all weekend and most of the local merchants and resort people tell me that they were really busy throughout the three days. Some of the events held in other years, were cancelled this year and new events were implemented in their place. New additions this year were: sno golf, open air arena in the fairgrounds, ball hockey, skating party and we could go on, and on. We have to question some of the events that have been dropped. Just how much did people miss the parade, or did they even care? How many would like to see the fireworks once again? Or what about the hundreds of people who loved to turn out and watch the bed races? I personally have to question those three, because I think that they are still popular. Pat Kennedy and the Kinsmen members are once again to be congratulated on the great success they had with the snowmobile and four wheel drive races, plus the motorcycle exhibition on ice. Boys, you deserve a lot of credit for giving everyone two days of thrilling entertainment. Our thanks also to Art Dawson who was this year's chairman for the great effort he put in to make the weekend a success. Let's not forget the members of the Rotary Club who were all out in full force to work, whenever they were needed and to all those in the community who helped in one way or the other. There is only one thing that I would like to see happen before the next Haliburton Winter Carnival rolls around, that is, that a meeting will be called and every organization in Haliburton will send representatives who will come forward with some new ideas and with the assurance that they are willing to jump in and do their part. Just think about it, for a moment. If each organization in the community would take over just one event, everyone's problems would be over. In my travels during the past week, I have been talking with many people who seem to be very interested in the future of the carnival, and seem to have some ideas on how to improve on it. As I have said many times before, it is very easy to sit back and criticize and tell what should have been done, but the time has arrived for each of us to come forward with some good constructive solutions. Once again, we say to all those who gave financially and worked so hard, we offer our congratulations. After all is said and done, the majority of the people seem to think that this year's carnival was a good one with possibly a few more changes for next year. We have twelve months of the year to start to prepare, but there is no time like the present to get started.

Our congratulations go out this week to Tammie Dewey of Gooderham, Ontario, who was chosen this year as the 1980 Haliburton Winter Carnival Queen. The princesses for 1980-81 are Helene Hellquist and Nina Anderson. A special thanks is in order to all the donors for prizes to the girls, also a special thanks to Shirley Rydman for sewing the capes.

Stan Roberts of Haliburton dropped into my office the other day for a friendly chat, and dropped me off a copy of the Thursday Post which was dated September 27, 1934. It was really interesting to check over the advertisements and notice the great difference in prices from then until now. In the Great Atlantic and Pacific Tea Co. advertisement sirloin steak was .19c a lb., round steak at .17c a lb. and rump roast going at .15c per lb. and then flour was a \$2.45 per 100 lb. bag, rolled oats .4c a lb. We also noticed a couple of items from the Haboro Stores ad showing dairy butter at .20c a lb. and 2 loaves of bread for .13c.

Recently I received a letter from one of my old school chums, Garth Windsor who has been living in Hornepayne for the past three years. Garth started to work at the CNR station in Haliburton in 1947, with the late Eddie Davies and the station agent at that time was Gordon Tobin. It's 32 years later and Garth is still with the CNR. Garth is presently employed as Chief Train Dispatcher at Hornepayne. He started in the dispatching function in 1964 when the Agency closures began and spent eleven years in Belleville as a dispatcher and assistant chief Dispatcher before being promoted to Chief Dispatcher at Hornepayne. Garth and his wife have four children, two boys and two girls. The girls are married (one living in Hornepayne; and they have two granddaughters. Their oldest boy attended Sir Sandford Fleming College in Lindsay and is employed with St. Joseph's Mining Company as a technologist travelling all over Canada including the NWT. Their youngest boy is attending college at Barrie taking Civil Engineering. The Windsors have a cottage on Big Hawk Lake and Garth's parents Maurice and Blanche Windsor still have their home at Carnarvon.

In this day and age it seems very hard to get volunteers to come forward to offer their help for various things. For instance, from what we can learn they are having trouble at Extencicare recruiting volunteers to help with certain activities. At the present time they are looking for three women who will come to Extencicare every Monday afternoon to help with the crafts and this will be mainly sewing. Two or three men are also needed to help with the woodworking every Wednesday afternoon. If you can help please get in touch with Pat Burk at Extencicare.

Getting back on the subject of the Haliburton Winter Carnival, we can't let it go by without offering our congratulations to the Carnival chairman, Art Dawson who worked hard for weeks making sure that all the committees were at their posts during the weekend. Another big thank you to Pat Kennedy and the members of the Haliburton Kinsmen Club who worked day and night for weeks in preparation for the snowmobile events, which were held on Head Lake on the Saturday and Sunday of the Carnival. They were certainly a great success. And finally, a big thank you to everyone who helped out in any way.

COUNTY ECHO SPORTS

Port Carling wins, Minden Juveniles ousted in playoffs

Despite determined and often close competition, the Minden OMHA Juveniles were ousted out of further playoffs when they were defeated by a strong Port Carling squad last Sunday.

Though the game, played at Port Carling, was a 16 to 4 rout for the hometowners, the Minden players put up tough battles in their opening games.

On Sunday, February 17, Minden travelled to Port Carling and played one of their finest games of the year. Though the local team got on the scoreboard first, Minden's Kim Hamilton came through with one of his own just minutes later.

Minden broke the tie in the second period, scoring three unanswered goals by Tim Davies, Corey Walker and Hamilton.

Piper continues to lead ladies Thursday bowling

Eva Piper, who has been leading the Thursday Ladies bowling league for three weeks in a row, rolled 754 and 656 triples over the past two weeks.

Frieda Handy came up with a 611 triple from singles of 185, 275 and 151. Vera Fader had a 596 triple, from singles of 159, 138 and 299, and Kay Barry had a 596 triple from singles of 149, 202 and 243.

Over 200 bowlers included Flo Taylor, 228, and Iris Taylor 212.

In the team standings, the Bottoms Up have 79, the Alley Cats have 72, Anne's Angels have 59, and Eva's Beavers have 56 points.

Port Carling came back in the final period of the game, and scored two in a row, but not enough to alter the final 4 to 3 win for Minden.

Another close contest materialized on Minden's ice last Friday, and resulted in a high-scoring contest.

Port Carling again started off the scoring in the opening period, and scored their first at 3:06 with two Minden players in the penalty box. They followed up at 7:08, but Minden tied the game with back-to-back goals at 8:07 and 8:20, the first scored by Davies from Hamilton and Corey Walker, and the second by Hamilton from Davies and Greg Carpenter. Port Carling went ahead at 10:27, but just eight seconds later, Hamilton put one away assisted by Davies and Walker. Minden took the lead at 14:18 when Hamilton scored his hat trick goal on a break-away, with assists from Bart Sedore and Casey Cox.

Port Carling took on a tougher edge in the second period though Gary Harrison scored unassisted for Minden at 4:30. Before Davies' second goal of the game at 5:03 for Minden, Port Carling came up with a marker at 4:56, and scored the final two of the period at ten minutes and 11:10.

Both teams came out skating fiercely in the third period, with Port Carling scoring at 3:18. Davies picked up his hat trick at 7:45 to tie the game, with assists from Hamilton and Corey Walker on a power play. But in the crucial final minutes of play, the winning goal for Port Carling came at 14:47 on a power play; the final score, 8 to 7.

No details are available on the final game of the series played on Sunday, when Minden was defeated 16 to 4.

Murray Hunter, centre, caught the biggest fish of the day last Sunday in the first annual Haliburton Kinsmen fish derby. His lake trout tipped the scales at 8 lbs. 1/2 oz. In second spot was Alan Hoxie, right, with a catch of 8 lbs. 1/4 oz. Third went to Vern Webster, who is not shown, for his 6 lbs. 2 1/2 oz. catch.

Anglers try luck at fish derby

Biting winds and driving snow made conditions harsh for the first annual Haliburton Kinsmen fish derby Sunday, but 61 avid anglers turned out none-the-less to try their luck on the ice of Koshong Lake. And by the time the 5 p.m. closing time rolled around, more than 40 lake trout had taken the bait,

two of them tipping the scales at more than eight pounds.

Biggest fish of the day was landed by Murray Hunter. At 8 lbs., 1/2 oz., it was just a quarter ounce heavier than the second prize winner brought in by Alan Hoxie. Hunter returned first prize, an ice auger donated by Kennedy Surplus, to the club

for use as a prize in next year's derby. Second prize was a tackle box, also donated by Kennedy Surplus.

Third prize, a lantern donated by Haliburton Marine, went to Vern Webster with a catch of 6 lbs., 1/4 oz.

In fourth spot, and winning a dress shirt valued at \$20 donated by Skyline Automotive, was Ron Perrin Jr. His lake trout tipped the scales at 5 lbs.

Don Francis' 4 pounder was good for fifth place and a free grease and oil change from Curry Motors.

In sixth spot, with a 3 lb. 15 oz. catch, was Carmen Titus. He also won a grease job and oil change, this one courtesy Shamrock Shell.

Terry Smith's 2 lbs. 8 oz. trout was good enough for seventh spot and a prize of \$10 donated by Marshall Leighton Real Estate.

Melvin Mince landed a 2 pounder for eighth spot and \$10 donated by Vasey Insurance.

Ninth was Ray Burk, whose 1 lb. 13 oz. catch netted him a \$5 gas voucher from Curry Motors.

In tenth spot was Peter Goulet with a 1 lb. 11 oz. catch. He won a free breakfast at Mark's Coffee Shop.

In eleventh spot was Russell Morrison with a 1 lb. 8 oz. trout. He won floor mats courtesy of Hyland Lumber.

The prize for boys 12 and under, a Molsons hockey bag went to Ron Perrin Jr. with his fourth place 5 pounder.

In second spot in the boys division and winning a dinner at the Beaconbrook, was Terry Smith with his seventh place 2 lb. 8 oz. fish.

Shauntell Morrison was the lone entrant in the girls under 12 category, and she landed one weighing 1 lb. 4 ozs. to take the prize of an electric clock and a free dinner at the Beaconbrook.

The prize for the first fish of the day, a free dinner at the Beaconbrook, went to Gary Mintz.

Russell Morrison was the first entrant under 12 to land one, and he also won a dinner at the Beaconbrook.

The prize for the oldest male entrant, a dinner at the

Haliburton steamrolls Lakefield, begin quarter-finals

Regular season over, Huskies now meet Jets

by Joe Banks

The regular season ended on a winning note for the Haliburton Huskies last Saturday, as they handily steamrolled over a surprisingly weak Lakefield Chiefs team to a 10 to 3 decision.

Haliburton now launches into quarter-final play against the Bancroft Jets, a team which beat the Huskies 7 to 2 on Friday night.

The Huskies are confident, however, that they'll be able to handle the high-flying Jets in finals competition. Team manager Don Lloyd told The Echo Tuesday that he is predicting a five-game Huskies win in the best of seven series.

But the big story of the week was the fact that Huskies goaltender Craig Wood won the league trophy as most valuable goaltender over the course of the season. It was a toss-up between him and Lakefield goaltender Len Vass, but when Haliburton stuck it to the Chiefs on Saturday, Wood emerged as the goaltender with the least amount of goals scored on him. He ends the regular season with a goals against average of 5.1.

In the league scoring race, it was still undetermined at press time whether Billy Franksy of the Bancroft Jets or Haliburton's Joe Roberts

won the recognition of the league's highest scorer. Complete Huskies season-end statistics on all the players will appear at the end of this story.

Despite all the good news, the Huskies could have used a little lift in their Friday night game against Bancroft. With Chris Hodgson, who is the team's leading scorer against Bancroft, out with a bad leg, and Steve Davies still nursing a broken wrist, the Huskies were playing at a handicap.

The first period saw Bancroft open the scoring at 18:18 to take the lead. Dave Brown put the Huskies on the scoreboard at 7:18, when he was assisted by Andy Salvatori and Brian Lloyd. With just 1:54 remaining, Dwight Sisson scored on an unassisted effort.

The second period was all Bancroft's, as they put the puck past netminder Wood three times at 18:19, 3:21 and 1:08.

The third frame was somewhat more even, as Joe Roberts popped one in at 17:50 with back-up by Brown. Bancroft goals came at 5:45 and 5:25, but Haliburton's Salvatori kept the score respectable when he scored at 4:14 with help from Joe Roberts and Brown. But 11 seconds later, Bancroft made the game out of reach when they scored, ending the

match 7 to 4 in their favour.

Despite the score, goaltender Wood played a steady game in net, and even more so when the Huskies met Lakefield in Haliburton Saturday. Even though Hodgson and Davies were still out with injuries, the game illustrated what the Huskies can do when they set their mind on it.

The teams traded goals in the opening frame, with Lakefield breaking the ice at 3:44 on a goal. Ed Roberts got that back for Haliburton

at 6:54.

From the second period on, the Huskies ran away with the game, as they pumped in goals at 6:41, 4:26 and 14:57. The first was by Joe Roberts on a short-handed unassisted effort, the second was by Brown on a power-play with assists from Joe Roberts and Mike Scheffee, and the last goal of the period came at 14:57, with Dwight Sisson scoring on a power play, with assists from Les Booth and Joe Roberts, who tallied

Minden Tri-County Novices defeat Haliburton in playoffs

The Minden Tri-County Novices eliminated Haliburton team #1 in two games straight, bringing Minden into play-off action against Haliburton team #2.

The final game against Haliburton's #1 team was played last Saturday in Haliburton, with Minden winning the match 4 to 1.

Minden's Sheldon Stevenson started off the scoring when Jeff Francis helped him out on the play. Steve Prime tied the game for Haliburton when he was assisted by Phillip Johnson.

Jeff Francis came up with another for Minden in the

second frame when he was assisted by Wyatt Nesbitt. The goal put Minden out front 2 to 1.

In the third frame, Minden scored two goals in a row, the first by Joey Boyle from Stevenson, and the second by Stevenson from Scott Russell. The final score: 4 to 1 in Minden's favour.

Just two hours after this game, the boys travelled to Wilberforce to take part in the Monmouth Cup. There they beat the local team by a score of 11 to 1. Scott Russell ended up with six goals, Jeff Francis had three, Sheldon Stevenson had one and Joey Boyle had one.

Monmouth Cup draws local teams

Enthusiasm was high at the Monmouth Arena last weekend, as the annual Monmouth Cup hockey tournament got underway Saturday.

The contest, though featuring only four teams from Haliburton, Minden, Bancroft and Wilberforce, proved to be successful both from a spectator and player viewpoint, as there was some fine action and awards for every player.

In game one, the Haliburton and Wilberforce Atoms took each other on in what proved to be a first-rate contest, with the hometown boys coming out on the winning end of a 4 to 2 decision.

In the Novice division, Minden outplayed Wilberforce to a score of 12 to 1, but the Bantams put on a fine show against Bancroft, but also lost by a score of 4 to 1.

Game four pitted the Bancroft Peewees against the Wilberforce Peewees. The game proved to be the closest of the day, with Bancroft scoring the winning goal in the last minute of a 1 to 1 game. Hometown fan support in this game was particularly enthusiastic.

The final game of the day was won by Bancroft, as the Midgets from Haliburton tested their skills against the visitor's finest. But Haliburton

was overpowered by Bancroft, losing by a score of 7 to 2.

But the loser's blues

quickly faded when each player, winners and consolation finishers, received beautiful pendant medallions.

similar to those presented at the Olympic games.

The winning teams also received trophies.

There was plenty for spectators to shout about at the Monmouth arena Saturday as teams from Wilberforce, Bancroft, Minden and Haliburton squared off for the Monmouth Cup. Here, Wilberforce and Minden Novice players are seen in some close action around the Wilberforce net.

SCORESHEET

OMHA Atom Playoffs, played at Minden on February 23. Minden vs. Omamee.

First period: Omamee scored first at 4:14.

Second period: Gord Wood scored for Minden at the 8:08 mark, with assists going to John Wells and Tom MacLeod.

Third period: Minden's MacLeod scored at 9:43 from Wells and Wood, and Wood scored at 6:33 from Scott Nesbitt.

Final score: Minden, 3, Omamee, 1. This ends the team's round robin series with four wins, five losses and one tie, not enough to continue in the play-offs.

Tri-County Bantam Playoffs, played at Cannington on February 23. Minden vs. Cannington.

First period: Minden scored two goals in a row at the 4:34 and 6:55 marks. The first was by Andrew Shapiera from Larry Miscio, and the second was by Daryl Ward from Shapiera.

Second period: Minden scored two goals in a row, the first at 1:18 by Miscio assisted by Shapiera, and the second by Shapiera unassisted at the 4:39 mark.

Third period: Minden scored six goals in a row at 3:23, 3:32, 6:16, 10:42, 11:13 and 14:48. The first was scored by Shapiera for his shut-out, assisted

by Miscio, the second was scored by the same pair, the next three were then scored by Miscio assisted by Shapiera, and the final goal of the game was scored by Shapiera assisted by Miscio and Dorain Anderson. Goaltender Scott Danilko recorded the shut-out.

Final score: Minden, 10, Cannington, 0.

Tri-County Novice Playoffs, played at Haliburton on February 23. Haliburton vs. Manvers.

First period: Haliburton's Dean Brownson scored at the 7:11 mark assisted by Paul Goulet and John Vuksic.

Second period: Brownson scored again for Haliburton at the 8:10 mark unassisted.

Third period: Manvers scored at 0:51, but Haliburton's Brownson scored his hat trick with only 29 seconds remaining in the game unassisted.

Final score: Haliburton, 4, Manvers, 1. Haliburton #2 now goes on to meet Minden in the finals starting next weekend.

Tri-County Peewee Exhibition, played at Haliburton on February 20. Wilberforce vs. Haliburton #1 Team.

First period: Wilberforce scored at the 6:10 and 4 minute marks as Mike Alden scored unassisted followed by a goal by Ron Mintz assisted by Danny Coghlan.

Second period: Eoin Ross scored for Haliburton with assist to Mike McInnes and Dennis McKee at 7:59. Brian Hopwood unassisted at 1:52 increased the lead for Wilberforce but Haliburton's Chris Harrison scored assisted by Dennis McKee at the :20 second mark.

Third period: Wilberforce's Mintz scored unassisted at the 10:52 mark, but Haliburton tied the score as Eoin Ross from Dennis McKee narrowed the lead at 7:11 and Mike McInnes from Chris Harrison and Eoin Ross with 36 seconds left ended scoring.

Final score: Wilberforce, 4, Haliburton #1 Team, 4.

Tri-County Peewee Playoff Game 1, played at Haliburton on February 23. Millbrook vs. Haliburton #1 Team.

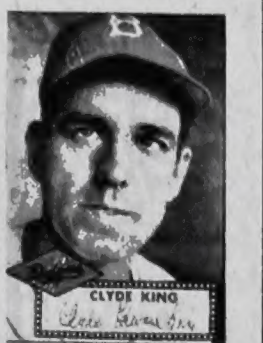

First period: Haliburton scored first at the 5:34 mark as John Micallef was assisted by Chris Harrison and Rob Thibadeau. Millbrook tied at 4:01 but Miriam Smith scored for Haliburton at the

1:07 mark assisted by Chris Harrison.

Second period: Haliburton scored two goals in a row at 9:31 by Dennis McKee unassisted and by Miriam Smith from Mike McInnes at the 8:34 mark.

Third period: Haliburton scored two goals in a row, the first by McInnes from McKee and Eoin Ross at the 10:30 mark followed by a goal by McKee assisted by Micallef and McInnes at the 9:01 mark, and Haliburton then scored the remaining goals in the game, McKee from Smith at 6:21, McInnes from Ross at 4:22, Smith from McKee at 3:25 and Smith then scored her fourth goal unassisted.

Final score: Haliburton #1 Team, 10, Millbrook, 2.

Tri-County Peeewe Playoff Game 2, played at Millbrook on February 24. Haliburton #1 Team vs. Millbrook.

First period: Haliburton scored first at the 7:11 mark when Mike McInnes scored unassisted. Miriam Smith scored from Eoin Ross at 4:45, and Millbrook scored at 4:15.

Second Period: Millbrook scored two goals in a row at 6:26 and 1:04.

Third period: Chris Harrison scored for Haliburton at the 5:19 mark with an assist to McKee, but the tie only lasted for 23 seconds as the Millbrook team got a goal.

Final score: Millbrook, 4, Haliburton #1 Team, 3. The third and final game of this series will be played on March 1 at Millbrook.

Hockey playoffs underway

There will be plenty of excitement around the area in the next few weeks as Haliburton OMHA and Tri-County teams progress into their play-off births.

Most teams have begun round-robin series, while others have already progressed into semi-finals. Some teams are still in the process of organizing play-off games, Haliburton minor hockey officials said last week.

The OMHA Midgets are currently in a best of five series with Powassan, already winning two of the games by fairly wide margins. Their next game will be played Sunday on home ice.

Meanwhile, the OMHA Peeeweas are looking to beat Cannington this weekend, as they finish off their series with that squad. The winner of the series will meet Lefroy in the semi-final round.

The Atoms are finished as far as going any further in the play-offs, but they'll be taking part in eastern division competitions, which is yet to be organized. The OMHA Bantams, meanwhile, were put out of the play-offs by Cannington three games straight.

Over in the Tri-County league, the Midgets toiled in a round-robin against Cannington, who won that series Monday night.

The Bantams cut out Little Britain last week, and will be heading into the semi-finals against an undetermined team.

Both Peeewe teams are doing well, with Peeewe #1 finishing their series with Millbrook on March 1. Peeewe #2 is currently in a consolation round-robin series with Little Britain, and have won one game so far.

The Tri-County Atoms were knocked out of the first round of playoffs but will be

Minden Novice had the upper hand through all three periods in their game against Wilberforce at the Monmouth arena Saturday. When the smoke cleared,

Minden was on the winning end of a 12 - 1 score. Players on all the teams taking part in the Monmouth Cup received medallions for their efforts.

Minden recreation committee meets Tuesday

Minden's recreation committee, at a meeting last Tuesday, dealt with the following items of business:

Shirley Howe, secretary treasurer of Minden Minor Hockey, presented a financial report to date. The committee expressed concern about ice

time cancellations, and it was agreed that the area manager and Minden Minor Hockey should negotiate a payment schedule.

The committee agreed to amend the Rotary Club contract to change bingo nights from Tuesday to Thursday. Stuart Brandon declared an interest in the matter and refrained from discussion and the vote.

The arena manager was asked to investigate the

prices to replenish the inventory of serving bowls and thermal coffee serving pots, and to purchase the necessary items at the best possible price.

A letter from Frank Cowan insurance advised that the boiler policy did not cover the damages which occurred to the motor. The secretary treasurer was directed to review the invoice from Jordan Electric to determine exactly what repairs were

performed on the motor. The insurance policy will also be reviewed to determine exactly what coverage is included.

The following appointment were approved to represent the people of their areas, and to bring their interests and concerns to the attention of the recreation committee: Wm. Everson, Ingoldsbys; Ken Baniou, Carnarvon.

Two quotations were received for a time clock for the arena. The arena manager was directed to investigate the cost involved in installing a heavier electrical circuit which could handle a larger clock at some future date.

Information is also to be obtained from various companies which might be interested in sponsoring a time clock for the arena.

The committee directed that a letter of thanks be sent to the Rotary Club for the improvements to the auditorium.

The arena manager advised the committee that the present septic system is not operating well. He said the controls are rusting, and because replacement parts are not available in Canada, it

Wolf stories a myth:

Naturalist says animal is badly maligned

by Ron Reid
Federation of
Ontario Naturalists

Too many Canadians still believe the story of Little Red Riding Hood. When our European ancestors settled the Canadian wilderness, they brought with them a long tradition of such horror stories - stories of packs of hungry wolves attacking and killing women and children. But despite the strength of this legend, only one documented case of an attack by a timber wolf has been recorded; in that 1942 incident, the wolf

was found to have rabies, a rare occurrence in this species.

One of the highest wolf densities in Ontario occurs in Algonquin Provincial Park. Even though packs of wolves have been traced crossing campsites at night, no incident has ever occurred. Despite the legends, you are in for more danger of being attacked by a dog on a city street than by a wolf in the wilderness.

Another legend, equally unfounded, blames wolves for Ontario's dwindling herds of deer and moose. Since the Ministry of Natural Resources has estimated that moose populations are now 35% below their former numbers, and since deer numbers have never recovered from the late 1950's, the pressure is on once again for extermination of these large predators. Unfortunately, the decline of moose and deer is caused mostly by over-hunting and habitat changes, and the

renewal of wolf control would be ineffective as well as unfair.

While there is no question that timber wolves feed on deer and moose, scientific studies have repeatedly shown that they select the old and diseased, or the young and weak animals. This predatory pressure helps keep the population healthy and within the capacity of its range, but in almost all cases it is not the major factor in determining the population size. In a thirty-year study of wolves and moose on an island in Lake Superior, both populations were found to exist in a constant balance, with the limiting factor being winter food for the moose herd.

Across the world, the range of the timber wolf is shrinking, victim to man's encroachment on its habitat and man's persecution. We still have wolves in Ontario, and they should have a right to continue to exist as an integral part of nature.

Regular season round-up

The Haliburton Huskies have completed their regular season in second place with 17 wins, 12 losses and one tie for a total of 35 points.

The Huskies finished only one point on top of Bancroft, who had 34, and five under the Lakefield Chiefs, who had 40.

During the course of the season, the Huskies had 164 goals scored against them, while they scored some 178 against other teams.

The following are the Junior 'D' district final statistics for the season of 1979-80.

Teams	W	L	T	G.S.	G.A.	Pts.
Lakefield	20	10	0	199	169	40
Haliburton	17	12	1	178	164	35

SALE BY TENDER

By virtue of Power of Sale the mortgagee offers for sale by sealed tender the following assets:

Land: The property is located in the Village of Kirkfield, Ontario and contains approximately .5 acres and is described as those lands and premises lying and being in the Township of Eldon, in the County of Victoria, being Part of Village Lot 2, Plan 106 and Part of Lot 1, Plan 106 (parts 1,2 and 3) Plan 57R2343. There are located on the property the following buildings:

1) A main building of approximately 2,600 square feet having a store in the front with kitchen facilities in the rear. In addition there is a full 4 bedroom, 2 storey apartment to the rear and above the store. The building is of brick construction and has a complete basement with modern wiring and central heating facilities. A small single car garage is detached from the building.

Tenders must record price offered and must be for all the assets offered for sale. All tenders must be accompanied by a certified cheque for 10% of the offer, payee to be advised, which cheque will be returned if the offer is not accepted. If accepted, the deposit will be forfeited as liquidated damages if the sale is not completed by the tenderer. The highest or any other tender will not necessarily be accepted. Balance of the purchase price is due upon closing. Financing may be arranged with the vendor with a reasonable downpayment.

Tender will be received until 4:30 p.m., March 7, 1980. For further information, contact

COUNTY ECHO FAMILY

Haliburton Cubs, Scouts presented annual awards

There were a number of smiling faces around the Legion on the night of February 19, as Boy Scouts and Cubs were presented with awards and prizes for their work over the past year.

The awards came at the annual Cubs and Scouts banquet held at the Haliburton Legion. Keen interest in badge work and troop and pack participation was "very evident" this year, according to Scout troop leader Ed Whiteway, who introduced Haliburton's award-winning Scouts.

Todd Fyfe was awarded first prize for winning the apple day "best dressed basket" competition, while Gary Vanderstarren and Mike Parish placed second and third respectively.

David Irwin was awarded a matchbox for being the most improved Scout in the troop. Miles Tapp received a flashlight as the best-dressed Scout.

Randy Grant and Ricky Barnum received compasses for best attendance in the troop.

As the best all-round Scout in the troop, Jamie Bain received a compass. Criteria involved in judging this prize was best sportsmanship, positive attitude, attendance, creativity, and enthusiasm. Brad Chambers, for being second, also received a compass.

The Cubs, too, were presented with prizes during the course of the evening, and Kelly Youngdale was chosen as Cub of the Year in 'A' pack, while Rob Thibadeau was awarded the title in 'B'.

The best dressed Cub award in 'A' pack was given to Keith Leworthy, while the same honour went to Conell Creelman in 'B'. The basket winners in 'A' were Jeff Popple, Ed Sawyers, and Dan Whittaker, while 'B' pack winners included Corey Little, Robbie Thibadeau and Danny Connaughan. Ed Sawyers performed the best deed of the month, and received a medallion for the 'A' pack, while Scott McKee received the prize for 'B' pack.

The best six in 'A' pack was won by Corey McKnight (Sixier), Darren Whittaker, Chris Youngdale and Jeff Popple. In the 'B' pack, the outstanding six went to Robert Waller, Gerald Morrison, Dean Smith, Dave Hodgins, and Scott McKee.

Haliburton Cub award winners are, from left to right, front row, Conell Creelman, Keith Leworthy, Dean Smith, Scott McKee, Kelly Youngdale, Danny Connaughan. Back row, from left to right, Eddie

Sawyers, Rob Thibadeau, Jeff Popple, Darrin Whittaker, Chris Youngdale, Robert Waller, Gerald Morrison.

Haliburton Scout award winners are, from left to right, front row, Todd Fyfe, Jamie Bain, Miles Tapp, Randy Grant, Ricky Barnum. Back row, from left to right,

Day of Prayer

World Day of Prayer is being held at Haliburton United Church at 7:30 p.m. March 7, with all churches in the community participating. Family service is stressed for this year.

The World Day of Prayer for 1980 has been prepared by the women of Thailand, with "Responsible Freedom" as the theme.

The Day of Prayer program reflects some obvious concerns for the Christian women of Thailand. Although these problems may not be evident in our society in the same way, they still exist.

Horticultural Hints

by Irene Moore

While cold and snow reign outside there is much to do indoors with plants. A weekly inspection of the plants to catch insect pests and diseases as they appear, pays off in the end for it is easier to keep plants healthy than try to

revive sickly ones. If your heating system lacks a humidifier, some means of dispersing water vapour in the air should be devised. Pans of water placed by registers helps. Plants thrive in moist air.

If you wish to do some pruning to your trees or

NOTICE

The by-law of the Kawartha-Haliburton Children's Aid Society provide that:

To be eligible for election to the board of directors a candidate must qualify as follows;

Be a member in good standing, with membership fees paid in full at least ten (10) calendar days prior to the annual general meeting.

Be proposed by the nominating Committee.

Be proposed in writing, by two (2) members of the Society in good standing and shall be accompanied by the written consent of the nominee.

Nominations as per the foregoing sections must be filed with the head office of the Society and forwarded by prepaid post, postmarked no later than ten (10) calendar days prior to the annual general meeting.

The nominating committee shall prepare a list of candidates for presentation to the membership at the annual general meeting.

The Annual Meeting will be held on March 26th at the Blue Flame Room, Consumers' Gas Building, Lansdowne St. E., Peterborough, Ontario, at 7:30 p.m.

Any nominations should be sent to the head office of the Kawartha-Haliburton Children's Aid Society, 570 Water St., Peterborough, Ontario, K9J 3M8.

Classic charm. Superb food. Magnificent setting. All are a part of Sir Sam's Inn.

APRÈS SKI from 4:00 — 6:00 P.M.

Witnesses seminar held

Last weekend members of the local congregation of Jehovah's Witnesses attended a two-day Bible seminar at their assembly hall in Norval, Ontario. They were part of the capacity crowd of Witnesses and interested persons who listened to a special lecture given Sunday afternoon by Arthur Powley, District Overseer for Eastern Canada.

In developing this theme "To Whom Does the Obedience of the People Belong", Powley pointed out that effects on disobedience are very evident in the world today and that obedience to God is really essential for life.

DISTRICT NEWS

Norland Notebook

by Barbara Maund

You will all have the dubious pleasure of reading my February 20 and 27 columns this week. No, I wasn't away and it did arrive on time at the Haliburton Echo office. It seems that due to an oversight on someone's part, it was not printed last week. My apologies to everyone who missed having my column of February 20 to read (from several comments I've had, it was missed) and we will all hope that it won't happen again.

With all of the nasty freezing rain and heavy wet snow that is around this evening (February 22), it is too bad to also hear about so many being ill with the 'flu'. Betty Daving was poorly enough with it that she is in Ross Memorial Hospital. Lindsay, Hazel Alden is not well nor Jeanette Lywood as well as many school children and others too. I'm sure that I haven't heard of being ill. As Doctors suggest you should get plenty of rest, drink lots of liquids, keep warm and if not better in 2 to 3 days, call or see your physician. We wish all of you a speedy recovery and hope that the worst is over.

Some are just luckier than others and Jean Farquhar has certainly been so lately as she once again won the Norland Firefighter's Hockey Pool on Saturday, February 16.

The Ladies Auxiliary of the Firemen have planned another dance for Saturday, March 8, and this time Gary Peters and his group, Wildwood will supply the toe tapping music in the Norland Community Hall from 9:00 p.m. to 1:00 a.m. Refreshments will be served and the bar licensed under L.L.B.O. This was a popular group the last time that it played in Norland so get your advance tickets (\$4.00 each) soon from Jean Boyce (454-8017) as fire regulations limit the hall capacity.

Because of the milder winter weather and additional wildlife activity, there have been more reports of rabies for this time of year. Presently, Simcoe County (Barrie and Orillia areas) has the highest incidence of rabies in all of North America with over 20 people being treated with anti-rabies shots after being bitten by a suspicious animal. A recent medical breakthrough reveals that a rabies vaccine will shortly be available for general use by the medical profession. Everyone, when walking in the country, should show extreme caution toward any animal that they come in contact with or is acting strangely.

For all parents who will have children in Norland Elementary School Kindergarten class next year, the pre-registration will take place on Tuesday, April 22, from 9:00 a.m. to 12:00 noon at the school. Notices will be sent out from the school office but without a child in school this information might not be available to you. For further details and to make an appointment on Tuesday, April 22, please call the school (454-3401).

Our condolences are extended to the family and friends of Everett and Leona Fountain in the death of their

son-in-law Kevin Elliott who, after a lengthy illness, passed away at the Royal Victoria Hospital, Barrie on February 21. Funeral mass at St. John Vianney Church, Barrie on Saturday, February 23.

A nutritionist Ingrid Giesbrecht from the Public Health Office in Cobourg spoke to a group of interested Meals on Wheels volunteers at the home of Mrs. Valerie Shepherd on Wednesday afternoon, February 20. She was explaining the various diets that might have to be considered when planning meals for the recipients of the Meals on Wheels program. There are twelve volunteer ladies who will be taking turns cooking the meals and eight others who will deliver them and the project will get underway on Wednesday, March 5, with 14 persons being served. More volunteers are still needed to drive and deliver the hot dinners and if you are interested in helping, please call Valerie (454-3744). The kitchen in the Coboconk Lions Community Hall has been donated for use each Wednesday morning to prepare the food and thanks, too, go out to the various organizations who have made monetary donations to assist the Meals on Wheels with supplies and equipment.

Just eight more weeks of bowling remains for the Norland Bowling Club. Here are the team scores as of February 20. Teams of H. Smith - 25 pts., J. Boyce - 21 pts., M. Angiers - 19 pts., M. McAllister - 14 pts., and P. Purcell - 12 pts. Ladies high single - Marjorie Lee - 208, High triple - Joan Bowin - 511. Men's high single - Kim Watson - 222, High triple - Harry Smith - 520.

Our community should be proud, indeed, of the recent achievement of Ingram Wessell at the Canada Farm Show on Wednesday, January 30 in the Coliseum, C.N.E. Grounds, Toronto. Competing against 15 outstanding horsemen, Ingram placed third in the Heavy Horse Draw. Sincere congratulations, Ingram! While on the subject of horses - in the January issue of the American published magazine "The Eventer", the Norland Firefighters' Horse Draw on July was featured with three pages of pictures and names of the winners of the various draws. If you would like to see a copy of this magazine, the Wessell's receive this magazine and would be happy to loan it out to interested persons.

At 8:00 p.m. on Friday, February 29, Leo's Club, Coboconk, invited you to a movie "Great Balloon Adventure" in the Community Hall. Admission under 16 years \$1.50, Adults - \$2.00, popcorn and light refreshments available for sale.

- Intended for last week -

About 130 adults and children enjoyed the Pioneer Baptist Church's first family evening in the new church hall on Saturday, February 9. Following the tasty Italian spaghetti dinner, the young people were taken on a sleigh ride while the adults viewed a film in the hall. All agreed that the evening was a huge success.

Since the Chinese New Year is being celebrated on Saturday, February 16, it was fitting that the speaker at the Canadian Club meeting on Tuesday, February 12 was Mrs. Jean Robinson who showed slides and told the members of her 1978 trip to China. Mrs. Robinson of Lindsay was fortunate to be one of a group of people who visited China and Manchuria with the late Dr. William Service. Dr. Service, a former Chinese missionary, was most helpful in planning the tour. It took three years to complete the necessary arrangements and permissions. The group visited Tokyo,

Hong Kong, Canton, Peking, Manchuria and Shanghai, covering approximately the same number of miles traveling from south to north in China as from Toronto to Florida. Only the Chinese government own cars in China, none are privately owned but it would seem that everyone has a bicycle. Travel to any distance is done by trains which are fast, efficient and quite convenient. Since in 1978, few tourists had been allowed into China, everywhere that the Canadian group went, the Chinese people stared and followed them but showed only friendliness and curios-

ity about them and the sounds of the English language. With a population of over 900 million people in a country about the size of Canada, every arable acre of land is used to grow food. Not only is their mode of transportation primitive but also working conditions in factories, farm implements and medical facilities. Everyone has employment in this country but many of the jobs are tedious, very laborious and slowly accomplished with little or no mechanization. The adults appeared dressed always in drab colours but in all of the pictures of the children they were attired in bright and

cheerful clothing. The tour travelled for 17 days through this fascinating and little known country and Mrs. Robinson had only praise for the Chinese people and the warm welcome that was given to them during their visit there.

Anyone who has been around Norland the past few days, I'm sure, has been aware of the noise of the Hydro helicopter that has been landing and taking off in the open field near Austin's Mill, east of Norland and the field beside Elwood Graham's, north of the village. As I understand it, Hydro is installing some new lines on the towers nearby and the helicopter is being used to airlift supplies and men where it is inaccessible to drive by road. One little girl, north of Norland, got quite excited when she saw a man being lowered from the hovering helicopter because she was sure that he was falling from the sky and would be killed.

Leonard Greer was the man with the right number of seconds on Saturday, February 9 and won the Norland firefighters' hockey pool.

I have some good news and some bad news. The bad news is that due to a poor response to our Norland Horticultural Society's bus trip to the Toronto Garden Club Flower Show on February 27, the trip had to be cancelled.

The good news is that the Fenelon Falls Horticultural Club have a bus trip planned for the flower show on Thursday, February 28 and still have some seats available at the time of this writing (February 15). The bus will leave Fenelon Falls at 9:00 a.m. returning in time for dinner. If you are interested, please call Mrs. Forbes, 887-3339.

Norland Bowling Club team standings as of Wednesday, February 13. Teams of H. Smith - 20 points, J. Boyce - 16 points, M. McAllister - 15 points, R. Bryant - 13 points, M. Angiers and W. Landry and T. Watson and P. Purcell - 12 points. Ladies

high single and triple, Linda Purcell - 251, 633. Men's high single and triple, Jim Boyce - 301, 669.

Did you know that if you have a dog and are a ratepayer in the Townships of Laxton, Digby or Longford, you must not allow your dog to run at large within the boundaries of these townships and you must obtain a licence for your dog or dogs by March 31, 1980? For the first male or spayed female the charge is \$4.25, each additional, \$8.25. First unspayed female licence fee is \$10.25 and \$10.25 for each additional one. Licences

are now available at the clerk's office in Norland.

This year when applying for 1980 registration of a commercial vehicle, permanent licence plates will be issued. These new commercial plates will be unchanged each year (as are passenger cars) but at each renewal period a permit validation sticker and one for the windshield will be supplied.

Representing Norland Women's Institute, Mrs. Marjorie Lee and Mrs. Eleanor Crane recently attended classes in the government building in Lindsay where the

various stitches of crewel embroidery were taught.

About 15 women are meeting once a week and are learning these stitches from the two ladies and will complete at least two crewel embroidery designs for display at the Women's Institute Summary Day in May.

All interested and concerned parents of pupils of Norland Elementary School should plan to be present at the home and school meeting on Wednesday, February 27 at 8:00 p.m. at the school.

Carnarvon News

by Yvonne Penny

We've certainly had some mild weather since last writing. This is the most open winter that I can remember.

Five members of the Executive of Haliburton County Chapter of the Association for Children With Learning Disabilities travelled to Adam Scott Collegiate in Peterborough last Wednesday to hear three speakers from the Tomatis Centre in Toronto.

Those attending were Jack Hell, Gerry Feltham, Wilma Powers, Nancy Picard and myself. The Peterborough Chapter is to be congratulated for having these excellent speakers in attendance and some 60 people turned out to hear them.

The Minden Juveniles went down to defeat on Friday night at the hands of Port Carling, or rather the sticks of Port Carling. I think it was about seven seconds to go in a tie game, when the Port Carling goal went into the net for a final score of 7 to 6.

Gerry Griffin came home from hospital last Friday. He has added a little to his weight - he has a body cast from the waist down and will

keep this added burden for a few weeks.

Murray Davis and Bud Thomas are also home from hospital. Best of luck to all three.

Our condolences to the family of the late Mrs. Bert Harrison of Kuchog Lake who passed away last Thursday.

Today, Sunday, we ran the Snowarama trip - we clocked it at 80 miles. It was probably the best run yet in six years.

We travelled mostly lakes and there are some beautiful spots - waterfalls, frozen and glistening in the sun and trees laden with snow. The trail was very well marked which was a blessing because at times it was just like a white-out on the lakes. I turned in pledge sheets for a total of \$873.75 thanks to a great many people. I completed the run with Shirley,

Cathy and Jeff Howe and Keith Thomas of Carnarvon. We encountered very few problems except that I ran out of gas at one point and Keith, being a gentleman, towed my machine to the next checkpoint. We enjoyed a beautiful lunch at the secondary school in Haliburton. The total amount raised was \$17,653. Crippled children will certainly benefit for our efforts.

Congratulations to Ray and Chris Johnson on the birth of a son, born last Wednesday; another grandson for Ruby and Elvin Johnson.

Minden Juveniles lost another game to Port Carling on Sunday night in Port Carling.

Don't forget to mark March 7 on your calendar and please plan to attend World Day of Prayer services in your local area. Services for our area will be held at Carnarvon United Church on that day.

If you think fitness is a distant goal, consider this: you can walk all the way.

Coboconk News

by Sheila Lake

A number from our community are in the hospital, and we wish them all get well wishes. Doug Handley's wife Wendy has been in Sick Children's Hospital, Toronto. Wendy has had Cystic Fibrosis for a number of years. As have several other family members. So though Wendy is no longer a youngster, she is a patient in Sick Children's since they have her medical history. Wendy Handley would be thrilled, I know, to get some pretty cards.

Garnet Paaul of Bexley has had surgery in Ross Memorial Hospital, as has Bill Powell. Mrs. Rene Angiers was taken by ambulance to Ross Memorial Hospital the first of the week. Larry Moore who lives at St. Stephen, New Brunswick, has been ill in a Saint John, N.B. hospital. He is now out of the hospital, but goes back in for spinal surgery next week.

Earl Weeks is enjoying his second week in sunny Jamaica. A good place to be with the miserable weather of this past week!

Mrs. Mildred Faulkner returned home this week after a three week holiday with her son, Mr. and Mrs. Norman Faulkner and family at Sturgeon Falls.

Mrs. Annie Marles visited her daughter, Mr. and Mrs. Bill Goode at Queensville on Monday.

A number of school students have been out of school with the flu.

As winter comes to a lingering death, flu, measles, mumps, etc. seem to be more prevalent. Do bundle up warmly, one of these days, Spring will be here for sure!

Mrs. Mary Limrick enjoyed a visit from her great niece, Mr. and Mrs. Greg Renaud and baby of Newmarket recently. Mary herself has not been well, and we trust with spring just around the corner, will come rejuvenated health and stamina.

The fire of last weekend that destroyed the little grocery store at Rosedale has taken yet another older landmark. Mrs. Hazel Miller ran the store for many years. Later it became Myrt's Grocery. The convenience of a well stocked little grocery

store will be missed because the smaller store definitely offers more personal service and those in the Rosedale area will certainly miss it.

I guess we have heard the last of election's for awhile. No matter what party is in power, they face a difficult job in these days of high inflation and threats of war in the far east.

The heart fund drive held Wednesday evening was very successful. If you were miss-

ed, contact the local high school. This is a worthy cause and hopefully one day, research will find a cure for heart trouble.

Two girls, Christine Harris and Deb Angiers shared a winning ticket in Thursday's Wintario draw, splitting five thousands dollars. Congratulations girls! Both work at Souter's Variety store and bought their ticket at Souters. Where else to buy and be so lucky?

Wilberforce News

by Winnie Schofield

Albert Saunders will be celebrating his 80th birthday on March 4. Albert came from England in 1904 so can be considered an early pioneer.

He lived on a farm near Otter Lake with his two brothers, Frank and Art now living close by, and his sister Grace who became Mrs. Russell Patterson and Katie, who married Alfred Dowell.

In the spring of 1930 Albert moved to his present home on the shores of Lake Wilbermere. He married Ethel Young and they raised two children. Their home was built many years ago, perhaps by Wilson Earle, a colourful character who peddled patent medicines from a horse drawn cart. Albert, a farmer and a blacksmith, keeps in fairly good health and is known to be a man of great good humour.

The recent benefit dance held at the Legion Hall was well attended. Tim Hughes was the recipient of your good wishes. Many thanks folks for your support.

Gary Agnew is back home again after his recent operation in Sunnybrook Hospital. He was greatly encouraged with the cards and get well wishes that he received from local residents and the list of names sent by friends vis

Mrs. Bailey of Gooderham. Neil Billings is also at home now having spent some time in the Peterborough Hospital. Neil has his good days and bad days and we wish him well in the weeks to come.

The World Day of Prayer will be held March 7. Service in Monmouth Township will be at St. Margaret's Anglican Church in Wilberforce at 2 p.m.

There were some good games played at the Monmouth Cup competition held in the arena Saturday, February 23. Competing teams were from Haliburton, Minden and Bancroft.

Bancroft came out on top in three matches with the Bantams, PeeWees and the Midgets. Minden were winners of the Novice game, while Wilberforce won with the Atoms. There were some very good close games with a fine effort put forth by the players.

The tournament was poorly attended which is a disappointment to the people responsible for the planning of the event. A new feature was added when the winners received gold medallions instead of cups, in keeping with the Olympic games. Bronze medallions were presented to the second teams.

TO ALL MY CONSTITUENTS IN VICTORIA - HALIBURTON

YOUR WARM EXPRESSION OF CONFIDENCE IS GREATLY APPRECIATED.

Kinmount Korner

by Millie Moss

Hello once again, from our Avenue in snowy Kinmount, making up for lost time now, for the snowmobilers. There sure lots of them on our road.

The U.C.W. of Kinmount held their annual pot luck dinner on February 14 at the Kinmount Community Hall. Thirty of our local Senior Citizens attended the dinner and later, 13 dinners were delivered to the homes of the folks who were unable to attend. Thanks to all who helped in anyway and a big thank you to the men of the church who delivered the meals to the homes. What a lovely way to celebrate St. Valentine's Day.

Bonnie and Jim Walker, Weston, Bill, Lorrie and Jason Moss, Norland and yours truly with husband Bill, went to Peterborough for dinner at the Italian food restaurant, "Mothers" this week. Everything is in an antique theme and you collectors would have a great time, just looking around the place.

I was pleased to hear John Grozelle was up to attending the Valentine Dance at the "Coby" Legion this past week.

Welcome home to Vi and Albert Crego who have been vacationing in Gananogue for the past couple of weeks.

Ida Young and Lorrie Moss are both down with a severe flu. Get well soon girls, I miss seeing you around.

Mary and Hugh Phillips, Kinmount visited in Oshawa recently.

Welcome home to Keith Stata and Roland Hamilton who have been holidaying.

Fourteen local folks travelled by bus and van to St. Lukes Anglican Church at Burnt River where they enjoyed a delicious pancake dinner.

Margaret Kylie is still a patient at the hospital in Peterborough.

Florence Walker of Furnace Falls was a welcome visitor to Ruby Schell in Kinmount on Wednesday.

A very enjoyable evening was held at St. James Hall, in Kinmount by the A.C.W. on Wednesday evening, February 20 and the next meeting will be March 19.

I hear quite a number of people are now hit with the flu and among them are children who are out of school at Norland. Parents are asked to keep the young ones home until they're completely well so as not to infect others.

My day was made earlier this week, when a young lady brought me some cuttings from her Swedish Ivy. There was no special reason, just thought I might like to have them. It was very thoughtful and I appreciate it. Thank you Barb.

A couple of ladies asked me to insert another NRd. recipe so here we go again. This one is called

Fish - Brewis
Soak 4 serving pieces of salt fish in cold water 24 hours overnight. Cook fish 20 minutes or until tender in a large saucepan covered with water. Before serving, remove the bones. Meanwhile, Add salt to hard bread and bring to a boil in some water in which it has soaked. Remove from heat and drain immediately. Keep hot. Serve fish and brewis with vegetable of choice and with either scrunchions or with drawn butter. Scrunchions are small cubes of salt fat pork fried to a crisp golden brown and poured over fish and brewis like a gravy. Drawn butter is a cream sauce made with onion - water instead of milk. Cut 2 medium onions into small pieces, and boil in 2 cups of water. Meanwhile melt ¼ cup butter, stir in 1 tbspn. corn starch or flour, add onion and water in which onions were cooked, boil until mixture thickens. Serve over fish and brewis.

This is a Newfoundland dish and families in all walks of life serve it with varying frequency. Brewis is also served with bacon, ham or

steak. Steak and Brewis was once a very popular menu item in the dining car of the NRd. Railway. You can buy the hard bread at Newfoundland food stores and possibly at our own local stores, although I've never noticed it, if they do have it. You haven't lived until you try this dish.

Last Friday, Miss Laura Gaunt of Head Lake, along with her lifelong friend Miss Alison Sheppard and her mother, Mrs. Beatrice Sheppard, attended a concert at the old Massey Hall in Toronto. A grand piano stood alone on the huge stage when the Russian pianist, Vladimir Ashkenazy walked on stage. He played the whole evening with no accompaniment and Laura tells me, he seemed to attack the piano with his huge hands. Beautiful music.

Miss Sheppard was an Anglican missionary for 20 years in Japan and speaks the language fluently. She says she went to convert and instead she herself was converted. She loves Japan and is looking forward to going again for a holiday.

On Saturday, these same ladies went to the Toronto Truck Theatre, located at 94 Belmont St., and watched a very enthusiastic group, act out the play "Mousetrap" written by Agatha Christie. On Sunday, the three busy ladies attended the morning service at St. Michaels and All Angels Church and heard Arch Bishop Garnsworthy speak on his recent trip to Africa. It was a busy weekend and was thoroughly enjoyed.

Results of the euchre games held at St. Patrick's

Hall in Kinmount, on Tuesday, February 19 were: Bruce Bowman, men's high; Hugh Phillips, men's low; Nora Crego, ladies high; Irene McNamara, ladies low and Dave McNamara with most lone hands.

World Day of Prayer with "Responsible Freedom" as the theme will be held on March 7 at St. James Anglican in Kinmount. Time: 2:30 p.m.

Congratulations go out to Debbie Angiers and Christine Harris, Coboconk, on their \$5000. win Thursday night, in the Wintario Draw. The girls were one number out, from winning \$100,000. and as if that weren't enough, they also won a free book. Terrific! Mrs. Rene Angiers, Coboconk, is back in Ross Memorial Hospital. Get well soon,

Rene and help Debbie spend her money.

Aileen Brown and Nora Crego, Kinmount, accompanied by Mr. Dick Holbrook on Thursday to a visit with his sister Margaret Kylie at Civic Hospital. If all goes well, Margaret may be home by the weekend. Let's hope so.

Ruby Holbrook is out of the hospital and staying at the home of her son in Toronto. Mrs. Holbrook should be back home some time after February 29.

Euchre results at Galway this week: men's high, Ray Hobbs; men's low, Bob Allen; ladies high, Shirley Preston; ladies low, Ida Young and most lone hands; Ken Young. Be back next week. Give me a call at 488-2399. Have a happy day and remember our shut ins.

Chatting with Irene

by Irene Moore

As March comes shrieking down the street this week to howl around my windowsill -

As if to cheat me of the joy that comes with every blackbird's trill - but it can't hold back the tide of hopes that rise with every breath when spring comes tapping at the door bringing news of winter's death. March, your winds may cut like knives. I'm not deceived. I laugh at you - for all the daffodils are massing, near to bursting, fresh and new - ready with their golden trumpets, lifted in the bitter snow and rain - to sound the fanfare that proclaims the earth has come to life again. (Patience Strong)

How truly Patience Strong expresses the feeling of us all, for when March arrives, one knows spring is not far behind, and although our winter has not been as fierce as other years, the yearning to get outside and work among the shrubs and flowers gets stronger at this time of year. It is the time to start your seedlings and check to see what plants have survived the winter and generally get interested in the starting of your garden.

The seeds appear in the stores and your fingers are itching to get started working the ground, but have patience my friends, for the time is coming fast now! (I hope).

Birthdays at Hyland Crest for the month of March are: Alfred Richardson, 2nd; Bruce Sims, 5th; Irene Burns, 13th; Ralph Daniel, 14th; Violet Young, 16th; Pearl Bowron, 21st; Hugh Kernohan, 22nd; Catherine Teasdale, 25th. Remember a card shows that you are thinking of the person it is sent to and it means so much to people.

Mrs. Mabel Hewitt made a flying trip home last week but

has now returned south to soak up some more sunshine.

The Thrift Shop will be open this Friday, February 29, at St. Paul's Parish Hall from 2 p.m. to 4 p.m. There will also be a sale of bazaar items at greatly reduced prices.

Miss Marjorie Dawkins and Mrs. Lorne McCallum of Lindsay visited with their aunt, Mrs. Ethel Harrison last Wednesday.

The Minden and District Horticultural Society will be holding their first meeting for 1980 on March 4 at the municipal building in Minden, time 7:30 p.m.

The guest speaker will be Mr. Ray Halward of Royal Botanical Gardens and he will be bringing the new mobile unit with him, so come early so you can have a look through the unit before the meeting starts. It is well worth seeing.

The Library-Culture Centre Group have made an active start on this year's fund-raising. Several projects are already underway. If you are in Mae's Country Mart ask about the rug. This project gives you a chance to hook a stitch in the rug or even 10 or 20 if you wish. To date the response has been excellent and once finished, the rug will be raffled.

Donations and pledges are being accepted. Make your cheque payable to Minden Library Fund and if you wish to have it go the art gallery, please specify. All donations and cheques should be sent to Library Fund Raising Committee, Box 2, Minden, Ontario, K0M 2K0. The donation will be placed where you ask for it to be given; and receipts for Income Tax purposes will be issued for donations over \$5.

Also be on the look-out for the jars in some stores as every penny helps. Other projects will be started shortly.

Mr. and Mrs. Jeff Campbell are home after a vacation in Florida.

Don't forget the Leap Year card party this Friday evening, February 29; 7:30 p.m. at Hyland Crest.

Have you seen the afghan on display in the window at Stedman's in Minden? It is really lovely and was donated to Minden Minor Hockey by Mrs. Lil Gorveatt. Tickets are being sold now and the draw will be made at the hockey banquet. Did I buy a ticket? Of course I did and hope I win it for I can't seem to get mine finished.

Mike Bird who attends Sir Sandford Fleming College in Peterborough is spending

this week with his parents, Mr. and Mrs. Earl Bird.

Winter Pie - 1 cup seedless raisins; ½ cup finely shredded carrot; ¼ cup sugar; 1 tablespoon cornstarch; ¼ teaspoon cinnamon; ¼ teaspoon salt; ½ cup hot water, 1 cup coarsely chopped apples. Combine dry ingredients; add to raisins and carrot. Add water, bring to a boil; simmer about five minutes; add apple. Bake between two crusts about 20 minutes at 350 degrees or until crusts are baked.

Winners at last Thursday's mini card party were cribbage - Verna McDonald, Lil Davidson; euchre - lone hand, May Spence; Marg McAfee, Edna Trumbull.

The United Church Women will hold their meeting at the church hall on March 5, 8

Cont'd. page 11

Dorset News

by Phyllis Briscoe

Intended for last week -

"The person who rows the boat generally doesn't have time to rock it."

The annual Thinking Day service of the Brownies, Guides, Ranger and Pathfinder groups will be held on February 22 at the Dorset Community Centre at 7 p.m.

This service is in honor of the founders of the scout and guide movement, Lord and Lady Baden-Powell. The event includes the groups from the district which encompasses Dwight, Baysville and Dorset. All parents are invited as well as the general public.

The sympathy of the community is extended to the families of Betty Anne and Joel Marson in their tragic loss. The family had many friends in the Dorset area who were greatly saddened by the tragedy.

The snowmobilers are sure making up for lost time. And I still say they never sleep as you hear them all hours of the day and night. I hope they are enjoying the snow (what there is of it) and the frozen lakes as it was so late in arriving.

Get well wishes to Bea Seedhouse who has a serious illness at home, but I understand is now recuperating. Also, we send best wishes to Trix Edwards who has been a hospital patient for some weeks.

A group of 30 girls and young women went by bus from Dorset to Doe Lake for a weekend of fun and activities. There were 23 Brownies, Guides, Rangers and Pathfinders and seven leaders. They all participated in snow shoeing and tobogganing, having an obstacle race on snowshoes. Commissioner Mrs. Mary Allan from Parry Sound attended the outing and led the girls in numerous sing songs, teaching them many new songs. Three of the groups had enrolments, with one being held outside. Lots of good food was enjoyed and they arrived home Sunday evening tired but happy.

I see by the Haliburton Echo that the school board is contemplating closing the Dorset school. There is to be a public meeting in Dorset in the near future so we hope you will attend and express your feelings. It will be a sad day when our school, which has given a good education to our youngsters for generations, is no more.

February is Heart month so expect the canvasser at your door.

Suggestion: When you ac-

identally spill wine or fruit juice on your tablecloth, cover the spill with a layer of salt and later rinse in cool water.

We have had some visitors from the far north in the area recently. Fifteen Eskimo boys from Eskimo Point, aged 13 to 15, were at the Frost Centre for a week, along with 15 students from Zion High School in Toronto. This is an exchange program and the boys from Zion will be going to Eskimo Point for a week in April.

Note: when you fry eggs use a minimum amount of fat, put your eggs in the pan and just after they have started to cook add a small teaspoon of water and cover the pan. They pink up beautifully and are not greasy.

We send best wishes to Ted Hungerford of Lumina Lodge who was injured in a snowmobile accident.

Welcome home to Mrs. Trix Edwards who has been a patient in Huntsville Hospital for several weeks. We are happy to learn that Rose Crozier is progressing nicely and gaining strength at her daughter Jean's home in Rexdale. We send best

wishes to John MacKay for a speedy recovery. John has been a patient in Huntsville Hospital for the past week. Keep on improving, John, we're rooting for you.

There will be a meeting at 8 p.m. on March 4 concerning the closing of the Dorset Elementary School because of the low enrolment. The meeting is open to the public so come and express your opinions.

Note: when you fry eggs use a minimum amount of fat, put your eggs in the pan and just after they have started to cook add a small teaspoon of water and cover the pan. They pink up beautifully and are not greasy.

We send best

Horticultural Hints

from page 8

shrubs, this can be done until the end of February. In March the sap starts to run and if done then could result in bleeding. Do not prune spring flowering shrubs until after they have blossomed.

Tulips, hyacinths, daffodils and other bulbs that have been forced in pots may be planted in the garden for flowering again. After the flowers have faded gradually reduce the water given them and place the pots in the basement. Do not remove the foliage until it dries completely. Leave the bulbs in the soil until ready to plant in the garden.

Do not forget to keep feeding the birds, as this time of year is very hard on them. Keep your feeders well stocked with seed, suet, peanut butter and other favourite foods. Birds are fond of all sorts of seeds. Try them too on stale doughnuts and stale bread; they love that sort of food.

Stanhope notes

by Alex Stevenson

Patrons of the former Stinson's store at Hall's Lake will soon see a new sign bearing the new name of the store and restaurant. Always a popular spot with area people, Stinson's store will now become "George Hector's" and the sign will display a likeness of "George Hector's" impressive features. Patrons of the dining room will find themselves under the scrutiny of George Hector while Mr. and Mrs. Jones, the proprietors, are busy attending to business. George Hector is the mounted head of a musk ox and is one of a number of interesting items acquired by the Jones' when they were living at Cambridge Bay. Mr. Jones speaks warmly of the Eskimo friends he made while in the Arctic area, where both Mr. and Mrs. Jones were employed for some time. They are a very friendly couple and we found it easy to form a bond of friendship with the silent and unblinking George Hector.

While at the meeting of county council last Wednesday we were interested in the presentation about solid waste disposal sites provided by a representative of the Ministry of Environment. Council members were advised of a program carried out by the Ministry to assist Municipalities in locating new dump sites by paying half the cost of the study. The remaining portion would be

spread over the townships within the county. Deputy Reeve Francis of Snowdon objected to any action by county council until the various township councils had an opportunity to approve or reject participation by their municipality. He was supported in his stand by most members including Stanhope's Reeve Harrison and Deputy Reeve Stouffer.

The study would no doubt serve a useful purpose in meeting future disposal needs of the area, but we would like to see some thought given to the term "Solid Waste Disposal" and its definition, as well as the implications of any such sites located in the area.

from page 8

Ministry of Health of Ontario to once and for all eliminate tuberculosis. This also needs the cooperation of everyone wherever they go.

We have wondered out of nostalgic curiosity how many people around here know without asking what a pitch fork is. That spans an era of from 75 to 100 years. It is possible that your teacher or the Haliburton Museum would have put you right before you read this.

Belatedly, but we must mention that Berkley Feir,

The Haliburton Highlands Guild of Fine Arts made a request for a grant and surprised us when it was pointed out that they have a membership of around 260 people.

The Whipper Billy Watson Snowarama will be over by the time this appears in print and if all participants can match the efforts of Yvonne Penney the fund should have a great outcome. Yvonne has accumulated an excellent list of sponsors and she will no doubt cover the miles to make her efforts pay off for the crippled children's fund.

Re, the Airport Committee, all we will say is be sure and attend the dance March 15, call Stan Moore or Derek Rolfe about tickets.

Monday was election day, and the polling station was set up in the auditorium. This made it very convenient for our residents to vote without leaving home. Many of the voters from the surrounding area stopped to visit many of the people here. Crafts continued as usual on Monday afternoon. The gentlemen played shuffleboard with Mr. Lloyd Coleman assisting. They joined the ladies in the craft room for tea and goodies after a good game.

Tuesday morning, Rev. Douglas Miller of the United Church held an inspiring service in the chapel. Mr. Fred Ballard was here to play the organ.

In the afternoon, several people went to the movies in the auditorium. Newfoundland

Scene Salvage, was a very interesting film made in 1949. This movie told of the difficulties of making a living in Newfoundland. They look to the sea for their livelihood and their ways of life have changed very little from generation to generation. The winters are very hard, and dogsleds are the main means of transportation and for drawing wood. We were given a look at the seal and whale hunting which goes on day after day during the winter season.

Wednesday morning, our newest member of the fun and fitness gang, Mr. Royce Harrison, was the winner at darts with an excellent score of 260.

Thursday afternoon the ladies of the Haliburton Bap-

tist Church brought an assortment of crackers, cheese and breads for the afternoon tea party.

In the evening the Kinsmen were here to call the numbers for the weekly bingo game. There was quite a few lucky winners of tokens which can be spent at the tuck shop.

Friday evening, our annual formal dinner was held in the auditorium. This is the one event our residents have the opportunity to invite a couple of their choice to have dinner with them. As usual the dinner prepared and served by Mark Schell and his kitchen staff was absolutely delicious. They served a barbeque chicken dinner, with orange layer cake for dessert. Mrs. Peggy Neville, accompanied by Nancy

Picard, entertained us after dinner. Peggy and Nancy are very talented ladies, and everyone certainly enjoyed their performance. In spite of the snowy weather, we had a real good turnout and everyone enjoyed the evening very much. We would like to thank everyone who helped make our formal dinner a great success again this year.

Centre gets grant

The Ontario Ministry of Culture and Recreation has approved a grant of \$12,397 for the West Guilford Community Centre.

The money will be used to partially offset costs of renovations to the former school building in the community.

Extendicare News

one of the past presidents of the Happy Gang, was taken to a Peterborough Hospital for tests on St. Valentine's day. He is expected back soon and we hope, feeling better.

Shirley Frost has been a patient in one of the Peterborough hospitals since Sunday. We hope the best for her, and we can now say she has returned Thursday afternoon much improved.

Thursday afternoon was our big birthday party when we again enjoyed the music leadership of Marilyn Stouffer singing many of the old

favourite songs to the piano accompaniment of Betty Salvatori, Martha Wiggins, Jim Allen, William Andrews and last, but not least, Edith LaRue who is now turning 95 and like Martha, a nonagenarian. All of them seem quite pleased to have passed another year in solid comfort at Extendicare. It was a banana cake with liberal topping, another liberal factor in our lives this month. Our grateful thanks to all the participants.

True to her word Nancy Picard appeared, to give us more musical enjoyment with the help of vocalist Peggy Neville. They are a delightful duo. We were disappointed that Jackie did not come.

Today, February 21, the day is 10 hours, 41 minutes long, at the winter solstice December it was 7 hours, 46 minutes long, a gain of 3 hours and 35 minutes. Spring is springing.

Already Prime Minister elect Trudeau is taking the same stand as France on the Moscow boycott thereby giving comfort to the Soviet aggressors in Afghanistan who are offering brave resistance in an effort to retain freedom.

We had an interesting devotion period Friday morning, in the guidance of Rev. Don Nicholson of the Haliburton United Church, Flossie Burk pianist. The theme

was "Love your enemies" Luke ch. 6, v. 27 is in itself a pretty good sermon and very uncommercial. To this day how much help can one get without paying an inflated price which reminds us that we need more volunteer helpers who would be paying a more inflated price than we are.

We need more volunteer helpers and enquiries will be answered if you phone 457-1722. The after service snack of tea or coffee and cookies served by Pat Burk was quite enjoyable.

There were two quite cute

movies in the afternoon, 1. "We call them Killers" about the killer whales who are amazing, that in a distance of 100' they can generate an acceleration enough to lift their tons of weight to poise as much as 20 feet out of the water. 2. "The Lady and the Owl" about a lady in the Hamilton area who nurses sick or injured owls and when they are well releases them to nature.

It is nice to see Berkeley Feir back with us again, after his short stay in a Peterborough hospital.

Get a good thing going. Yourself. PARTICIPATION

Province to provide jobs with Experience programs

The Ontario Government will once again provide jobs for youth this summer through its Experience Program. This is the eighth year of the Program, which gives young people the opportunity to gain work experience to complement their academic and career interests. Since 1973, approximately 70,000 opportunities have been provided to young people under the Program.

Experience '80, sponsored by the Ontario Youth Secretariat, and administered by the provincial ministries and their associated agencies, will offer 10,450 jobs in the public service - in ministries, school boards, travel associations, libraries, conservation authorities and other agencies.

Experience '80, together with the Ontario Youth Employment Program (OYEP), which is administered by the Ministry of Intergovernmental Affairs, will this year provide more than 60,000 jobs for young people, an increase of 3,000 from last year. OYEP, through a wage subsidy, assists businesses in providing summer jobs.

While the number of positions available through Experience '80 will be about 3,000 fewer than last year, the number of opportunities for youth available in private businesses through OYEP will be increased by twice as much, to 50,000 from 44,000 last year.

Ontario Experience '80 jobs cover a broad range of employment fields such as

agriculture, recreation, culture, law, tourism, social services, and energy conservation. This summer young people will staff legal aid clinics, work on farms, act as regional travel counsellors, conduct research related to energy conservation, restore artifacts and assist vacation-

from page 10

p.m. All ladies welcome.

The World Day of Prayer will be held at Hyland Crest on Friday, March 7 at 2 p.m.

The Women's Institute held their meeting at the United Church hall at 2 p.m. on February 20. The President, Mrs. C. Brown, read a poem and welcomed the 25 members and two guests. The card convener reported sending 29 cards since the January meeting.

The main item of interest during the business was where to go on the spring bus trip on May 29. The members were in agreement that a trip Kitchener way would be most enjoyable. Mrs. C. Brown

and Mrs. A. Kernohan were to contact Mae's Country Mart for her to make the arrangements with Travelways.

A committee was appointed to do the judging at the school this year. The committee are Mrs. C. Brown, Mrs. Isobel Harrison, Mrs. Lil Martin and Mrs. Jeanne Sears.

Thanks was expressed to the ladies who helped with the catering at the official opening of the Toronto-Dominion Bank.

Citizenship convener, Mrs. M. Bunker, started her topic by having everyone welcome their neighbours, then singing an old Institute song. Her

Jehovah's Witnesses seminar held

from page 8

This obedience also requires recognition of the position of Christ as head of the Christian Congregation and adherence to his teachings. A life in Christian obedience has many benefits, Powley said, not only at the present time, where it gives purpose and direction to man's exist-

ence but also in providing a hope for the future.

An important part of this type of gathering is the baptism by complete immersion of new Witnesses. On this occasion, nine undertook this step and thus joined one of the fastest growing religions in the world which at this time has over two million members.

POWER OF SALE

Galway/Cavendish concur with agreement

At the February meeting of Galway/Cavendish council, the following matters were considered:

The reeve and clerk were authorized to sign the Fire Agreement with the Township of Somerville covering fire protection in the Kinmount area for the year 1980.

Resolution 79-154 was rescinded in its entirety and replaced with the following: Item #1 off Belt - 2000 cubic yards \$1.47 equals \$2,940 be cancelled.

Item #2 in Stockpile be increased from 1500 cubic yards to 3580 cubic yards - \$3.10 equals \$4,898.

Item #3 on road be increased from 1500 cubic yards to 4300 cubic yards \$3.27 equals \$14,061 for a total of \$18,949.87, subject to the Ministry of Transportation and Communications approval.

A Mr. McCarney, a lawyer, and a Mr. Roberts representing Peterborough Lumber Company attended the meeting to discuss two severances that Peterborough Lumber had submitted for approval. The maps for the severances were incorrectly drawn and Mr. McCarney informed Council that new drawings would be submitted so that the two severances could be dealt with.

A Mr. Robertson and a Mr. O'Reilly of Galway Acres Limited attended the meeting to discuss the possibility of an extension to their draft plan of subdivision on Birch Bark Lake. After considerable discussion the following resolution was passed.

That the Townships of Galway and Cavendish agree to the Ministry of Housing granting a six month extension to Galway Acres Limited for their draft plan of subdivision on Birch Bark Lake. (March 6, 1980 to September 6, 1980).

Eric Robertson's resignation from the position of Building Inspector/By-law Enforcement Officer was accepted with regrets, effective March 1, 1980.

The Building Inspector was authorized to issue a building permit to Jack Lyons on Concession 1, lot 29, Cavendish for a sun deck and extension as defined in his building permit application dated December 20, 1979.

The clerk was authorized to advertise for a Building Inspector/By-law Enforcement officer in the Haliburton and Lindsay papers. Applications for the position will be accepted up to March 14, 1980 at 4:00 p.m.

The request from Twin Mountain Snowmobile Club was tabled at this time due to adverse snowmobiling conditions being experienced this winter.

Council supported the application of Brady/Mumford Bus Line Company for Provincial finance, as this Bus Line provides much needed transportation service for the residents of this municipality.

A copy of this resolution was forwarded to Mr. Wm. Scott, M.P., Mr. Ekins, M.P.P. Applications received for Roads Department employee was opened at 1:35 p.m.

The 17 applications received for the position on the Roads Department were referred to the Roads Committee for their evaluation and recommendation and a report to council for their next regular meeting.

At the second regular meeting of Galway-Cavendish council, the following matters were considered:

Stephen Repath, President of the Catchacoma Cottagers Assoc., Hans Huber, President and Bill Peel, Treasurer

Cont'd. page 14

At its February meeting, Glamorgan Township council considered the following matters:

General accounts of \$5,516.77, road accounts of \$5,763.24, and welfare payroll of \$2,476.78 were approved for payment.

By-law 80-3, a by-law to fix remuneration for employees, was passed.

The Haliburton County snowmobile association was granted permission to construct a bridge over the Burnt (Irondale) River on the open concession between Lots 20 and 21, Concession 6, provided all necessary approvals from provincial and/or federal bodies are obtained, as part of a recognized snowmobile trail, and provided the association maintains liability insurance to cover this trail.

Council decided to proceed to survey and acquire title to the existing roadway through Lots 30 and 31, Concession 7. The survey is to be 66 feet wide.

The township will assume survey costs in relation to

the Parks and Recreation Board effective January 31, 1980, through November 30, 1980.

Council supported the resolution from Anson, Hindon and Minden council for a Ministry of Housing survey of the need for OHC subsidized housing for the Provisional County of Haliburton.

By-law 80-5, a by-law to rescind by-law 77-15, was passed.

Shelley Greenwood was appointed to fill a vacancy on

road acquisition in Lots 26 and 27, Concession 4, as per applications for consent 250/79 and 251/79, council decided.

The 1980 road budget in the amount of \$175,518 was approved as presented, and supplementary subsidy will be requested to support this expenditure.

Cardiff Township council given tour of department rescue vehicle

At the February meeting of Cardiff Township council, the following matters were dealt with.

Prior to calling the meeting to order, council members and staff were given an inspection tour of the Rescue Vehicle operated by the Burleigh-Anstruther Fire Department and supported by the Townships of Cardiff, Chandos, Belmont and Methuen, Burleigh and Anstruther and by the Improvement District of Bicroft. An oral report was given of the

number of calls answered by the Emergency Rescue Vehicle in 1979, as well as a brief report of the financial position with regard to the Emergency Rescue Vehicle.

The meeting was called to order by Reeve McGillivray, who then declared an interest in the matter of Lot 17, Concession 10, Township of Cardiff, which appeared on the agenda.

Orland Lewis was appointed as member of the Township of Cardiff Recreation Committee for the year of 1980.

Council supported a resolution by the Township of Brock which requests the federal government to defer any implementation of major portions of its metric conversion program, due to the fact that the United States is only implementing the metric system to a limited degree.

Farm News and Views

Calf scours is a serious disease affecting most cattle producers.

During the past few months a new vaccine has been developed which provides effective protection against one of the major causes of scours. This vaccine is called "Vicogen".

"Vicogen" was developed and tested by the Connaught Laboratories Ltd. in Willowdale in association with the Veterinary Infectious Diseases Organization of Saskatchewan. It is now available from your veterinarian.

The Victoria Cattlemen's Association is holding an information meeting for area farmers on Monday, March 3. This meeting will be in the Conference room at the Lindsay Agricultural Office.

Several staff members from Connaught Laboratories and Dr. Brian O'Neill of Kawartha Animal Clinic will be on the program to discuss calf scours, and the new

"Vicogen" vaccine.

Employment Tax Credit Program

Farmers are eligible to participate in the "Employment Tax Credit Program" for employers in Ontario. This is a program of the Federal Government.

March 31 is the deadline for getting started on this program.

Farmers who require a new employee in a new job should consider this program. The job must be full time, and last for at least three months.

Participating employers receive deductions on their income tax of \$1.50 per hour per eligible employee. The tax credit covers a maximum of 40 hours per week for up to 12 months. The maximum claim would be \$3120.

For further information on this program, farmers in Victoria and Haliburton Counties should contact the Canada Employment Centre at 34 Cambridge St. S.,

Lindsay, or phone 324-3562.

Haliburton Vet Changes Dr. Peter Bennett of R.R. 2, Minden, has been recommended as the new Assisted Large Animal Veterinarian for Haliburton County. This recommendation was made last week by the Haliburton County Vet. Services Committee to the Ontario Ministry of Agriculture and Food in Toronto.

Dr. Bennett's appointment will commence on April 1, 1980. He will succeed Dr. Wm. VanderWeken, whose contract ends on March 31.

A number of Livestock Owners from Haliburton County attended a meeting on February 18 to discuss the Veterinary Program in the County. They gave full support to the Committee to continue an Assisted Large Animal Practice.

The subscription fee for 1980 was set at \$20 per livestock operation. Participating livestock owners are eligible for specific benefits when the assisted vet treats their large animals. In addition, the entire County benefits from having a Veterinarian resident in the area.

The Haliburton County Vet. Services Committee will be holding their Annual Meeting in Minden on Monday, March 17, at 7:30 p.m. All livestock owners in the County are encouraged to attend.

Anson, Hindon and Minden council meet

from page 3

vote or discussion of the following matter:

Council decided that because the municipality was bequeathed the Lapine paintings in the will of the late Frank Welch, it is the opinion of this Council that the costs of a fine arts insurance policy be absorbed by the township.

The Clerk was directed to make application for one student for up to 20 weeks of employment in 1980 pursuant to the terms of the Involvement in Municipal Administration Program.

Council supported the plan of subdivision proposed by J.R. Bissett and the Clerk will complete the questionnaire as directed.

Council approved the operation of a beauty salon by Mrs. Mary Bell from Lot 15, Conc. 13, Township of Minden, subject to the approval of the Ministry of Transportation and Communications and the Health Unit. Existing and future uses or occupancy shall conform to By-law 14-67 as amended and

be approved by Council.

Council approved severance application #H 17/80 in principal, provided that policy #6 is adhered to with respect to the two year waiting period.

Council will petition the Ministry of Transportation and Communications for subsidy under the provisions of the Public Transportation and Highway Improvement Act on expenditures made during the year 1979.

The Ministry of Transportation and Communications was asked to erect signs at the following locations:

Highway #35 - fingerboard sign indicating Gull Is. Rotary Pk. Rd. as well as a boat launching sign; Highway #121 - fingerboard sign indicating Coxfarm Road.

L. McKnight declared an interest in the general and P.W.D. accounts and refrained from voting or discussion thereon.

The following accounts were approved for payment: General \$26,166.91; Water, 4,049.14; and Sewer

10,206.56.

P.W.D. accounts were approved for payment in the amount of \$22,907.31.

By-law 80-6 a by-law to regulate buildings in the Townships of Anson, Hindon and Minden, was passed.

By-law 80-7 a By-law to allow the continual existence of a building inadvertently encroaching on a road allowance was passed.

By-law 80-8 a By-law to amend By-law 74-20 to adjust the fees paid for services of the Victorian Order of Nurses was also passed, as was By-law 80-9, a By-law to rezone certain lands in part of Lot 7, Concession 8, in the Township of Minden, from Resort Commercial A (RCA) to Residential (R).

Stuart Brandon registered a nay vote on by-law 80-9.

Council agreed to finalize severance application #H-203/73 on the condition that the road allowance be provided within 12 months and no building permits be issued until the aforementioned condition is met.

Argument ensues at Dorset bar, Bostonians cause extensive damage

Never argue with a Bostonian!

That fact was made painfully clear at the Hollow Valley Tavern near Dorset Saturday night when two people, both apparently from Boston, U.S.A., smashed tables and chairs, and caused about \$2000 damage to the interior of the tavern.

The incident began when an argument broken out at 1:30 a.m. The two Bostonians, apparently in rage, upset tables, the cash register and damaged the bar.

The suspects fled on snowmobiles, and when provincial

constables Pearson and Potter went to an Inn at Ox Tongue Lake, where it was believed the suspects were staying, the two had already left.

The investigation is continuing.

at rehabilitation counsellors.

All the positions pay the provincial minimum wage. Besides financial reimbursement, young people have the additional reward of making worthwhile contributions to their community.

The Ontario Youth Secretariat has published a guidebook to the Experience '80 Program, outlining further details on the individual positions. These guidebooks and application forms are available at all high schools, college and university placement centres and Canada Employment Centres across Ontario.

Minister of Transportation and Communications James Snow and Solicitor General Roy McMurtry have announced that police monitoring of emergency channel nine on the citizen's band radio will be extended to all provincial freeways.

"Experimental projects on Highway 401 and the Queen Elizabeth Way have demonstrated motorists can be assisted by the emergency service in the event of accidents, mechanical breakdown or during poor weather conditions," said Snow.

"These projects also proved to have two-way benefits," said McMurtry, "because motorists have also been able to alert police to accident situations, dangerous road conditions and pinpointing other emergencies."

"Citizen's band radios will be installed in approximately 40 detachments within receiving range of our freeway system and many of them will be monitored on a 24-hour-a-day basis," added McMurtry.

Snow indicated that "this extended program will not only improve safety on our major freeways, but there should be considerable spin-off for motorists using highways adjacent to the freeway system."

"Eventually we hope to be able to offer this unique service on all major traffic routes in Ontario."

The system will be completely operational soon, and signs will be erected on all freeways within range of a monitoring system.

Galway/Cavendish council meets

from page 12

of the Mississauga & Gold Lake Cottagers Assoc., and W. H. Huels, representative of the North Kawartha Planning Board, attended the meeting to discuss the proposed vermiculite mine and the map received from the Ministry of Natural Resources, containing the revised boundaries of the property for the proposed lease with the mining company. The preliminary environmental study that the township had Bird & Hale Limited perform, was reviewed. It was suggested that a joint letter from the cottage associations in Cavendish expressing their concerns, be sent to the municipality. The municipality will take these concerns into consideration and write the Minister of Natural Resources requesting a personal audience with him.

Council concurred with the modification proposed by the Ministry of Housing with regard to Section 1.11 of the North Kawartha Official Plan as defined in their letter of January 11, 1980.

Road voucher #1 for the month of January in the amount of \$40,691.51 was approved for payment.

General voucher #1 for the month of January in the amount of \$11,586.55, was approved for payment.

Roads Committee minutes of January 25, 1980 were received as presented.

The clerk was authorized to purchase the 15 road signs as proposed and detailed in the roads committee minutes of January 25, 1980.

The reeve and clerk were authorized to sign an application for supplementary funding from Ministry of Transportation and Communications for 1980 in the amount of \$190,000, covering the following items: Gold Lake Bridge - \$130,000; Hard Top, Total - \$190,000.

The Fire Committee minutes of January 15, 1980 were adopted as presented.

The Galway-Cavendish Culture and Recreation Com-

mittee minutes of January 25, 1980 were adopted as presented.

Jack Sheddon was appointed to the Culture and Recreation Committee for the period January 1, 1980 to December 31, 1981.

John Evans, a ratepayer from the Cavendish area, attended the meeting to explain the boundary lines of his property in relation to his deed description and the assessment map. The assessment map was incorrect and council assured Evans that it would be corrected. This error was found when By-law 79-5 was passed to correct the zoning of Evans property from WS to RR.

A by-law to establish the rate of interest on taxes in arrears was passed. This by-law will establish the interest rate on all taxes in arrears at 1 1/4% per month.

A by-law to amend By-law 78-32 was passed.

This amendment reduces the load limit on Peter's Island Bridge from ten tons to five tons.

The resolution from the Village of Madoc regarding the adverse effects of high interest rates on small businesses was tabled.

The resolution from the Township of Brock regarding the metric conversion to the metric system, was also tabled.

Harry Stuart declared a conflict of interest on the discussion concerning the hiring of an assistant clerk-treasurer and removed himself from the meeting. The 15 applications received for the position of assistant clerk-treasurer were reviewed in detail and the following resolution passed: "That Mrs. Shirley Preston be engaged as the assistant clerk-treasurer, effective immediately."

The firemen were given the use of the community centre for a benefit dance for Joe Maguire at no charge.

The Townships of Galway and Cavendish donated \$50 to the firemen's fund for Joe Maguire.

No restrictions

Owners of private game bird preserves, where demand for their services makes it financially beneficial to release birds the year round, won't be restricted to the usual March 31 season closing date, Natural Resources Minister James Auld has announced.

"Extension of the validity of pertinent hunting licences

to August 31 next following date of issue has two advantages," said Auld.

"It will benefit game bird preserve owners financially when they can release bobwhite quail, pheasants and wild turkeys all year, and also allow hunters and their dogs a longer season to pursue their sport."

RUST CHECK IS CLEAN It does not contain tar base or wax nor does it have a vile odour. It contains seven different working chemicals, in a Petroleum Base.

New and used cars 49.50 TAX INCL.

We don't cover up the rust. We TREAT it

MEAT GOES METRIC

Pre-packaged meat products are changing to metric sizes. Use the following as a handy guide to buying pre-packaged meats in metric sizes. These new metric sizes will be used for pre-packaged meats. They are a little larger in each case than the ones you have been used to.

125 g is a little more than 4 oz.	375 g is a little more than 12 oz.
175 g is a little more than 6 oz.	500 g is a little more than 1 lb.
250 g is a little more than 1/2 lb.	1 kg is a little more than 2 lb.

Pre-packaged metric sizes are a little larger than the ones you've been used to.
